**SUMMERS' PATENT FEED MILL.**

THIS Mill is unquestionably the most useful article about a farm. It is the best investment that a farmer can make who has stock to feed. The Grain chopped in this Mill will never turn sour, and is prepared in the best possible manner. It is easily digested and remains longer in the stomach, in the crushed state, than Grain crushed by any other method. The following are a few of the many

**TESTIMONIALS**

THAT I HAVE RECEIVED.

I greatly approve of the chopping of Mr. Summers' Mill. William Wallace. Your Mill is just the chopping we want. John Snell. I have been using your Mill for about two weeks, and I can see a great improvement in my horses. It is certainly the best mill I have seen. I save one-third of Grain by using it. Richard Bunt. This Mill is well worth the price I paid for it. 200 bushels chopped in it will go further than 300 bushels prepared in any other way. James Summerville. Your Mill is the best chopper I have seen. The Grain crushed in it goes one third further, and is much better for cattle than by any other process I have seen. Samuel Smith. I have saved over 350 bushels of grain this season by using your Mill. Joseph Croason.

Persons using this Mill can rely with the utmost confidence that they will save fully one-third of their Grain by having it chopped in this Mill. It is strongly built and when set to work, requires no attendance but feeding in the Grain. It does the best work when fed at the rate of about 50 bushels an hour; it has, however, chopped 80 bushels per hour. Farmers can get this Mill on trial, by giving security for its safety.

Woodbridge. WILLIAM SUMMERS.
