BALMORAL FARM,"

THE MOME JOE THE World-Renowned Berkshires.

By my unremitting care and attention to the celebrated Herd of Berkshires, I have succeeded in making a record at the great Shows of this Continent which stands without a parallel, winning the past year at the Industrial Exhibition, Toronto, four Firsts, one Second, and Grand Sweepstakes for best Bear and two Sows of any age. At the Grand Dominion Exhibition, held at Ottawa, four Firsts, two Seconds and a Third, also the Grand Silver Medal for the best Boar of any age, and Grand Silver Medal for best Sow of any age, and two Bronze Medals for best Boar and Sow under six months. Also the Grand Silver Medal for best Boar and Sow under six months. Also stating rest, St. Louis Fair four Firsts and two Grand Sweepstakes for best Boar of any age, and best Sow of any age, making the most complete record of any Herd ever exhibited in America, taking four Firsts and two Sweepstakes on four animals bred and owned by the exhibitor.

This year I did not exhibit at the Canadian Shows, but in the West. At the World's Fair, St Louis, Mo., I made the finest display of Berkshires that has ever been made, or, in the language of a Louis, Mo. at the National Live Stock Journal of Chicago, "The Finest Display ever made in the World by one Individual." I won at this great Showsix Premiums, two Grand Sweepstakes. My stock has won those grand honors three years in succession.

13 I challenge any Berkshire Breeder in the World to make a better showing than the above.

I did not require to purchase Royal Winners to make the above Record, but every animal that has given me this WORLD-WIDE FAME was bred and

unprecedented record.

At the head of the Herd stands my celebrated Earl of Balmoral II., Norton's Smithereen and McArthur's Robin Hoed. My sows are of the Countess Swinton, Sallie, Black Rose, and other strains of blood, of equal merit. I have now on hand for sale a few spring pigs sired by the above Boare. I have also an EXTH. FINE LOT OF FALL PIGS, which I offer at exceedingly low rates—Boar Pigs at \$12, Sow Pigs at \$10, each. This offer is made so that every farmer can reach the price. No better opportunity has ever been given than this for the Canadian farmer to improve his stock.

I have reduced rates for shipping by Express. For further particulars, address,

B. J. Kendall & Co.: Gents,—You will please send us six dozen of your Spavin Cure and one dozen Blister, as we are about but. This makes, we think, our last order for this year, and if the demand improves next year as fast as it has this, we think it will outsell any horse limiment (for which a practical cure is sure to follow) ever introduced in this market. We have not heard the first complaint of its not doing what is claimed for it out of the many thousand bottles we have sold. We are perfectly satisfied that there never was anything made to equal it, nor can there be anything to take its place, as it removes the trouble, and no romedy can do more.
