## GOSSIP.

Mr. Wm. Willis, Newmarket, Ont., breeder of registered Jersey cattle, 'Cotswold sheep and Yorkshire swine, makes a change in his advertisement, in which he offers for saie Jersey heifers from 6 months to 2 years old, and a yearning buil stred by a grandson of the noted cow, Adelaide of St. Lambert, whose record of 84 lbs. milk daily stands unexcelled by any of the breed in the world. Cotswold lambs and yearlings and Yorkshire pags, of either sex, are also included in his offerings.

Park Hill herd of Tamworth hogs are known from British columbia to the United States. They are the property of Messrs. John Hord & Son, Parshill, Ont., and at the present time there are about 70 head of imported and homebred animais on the farm. This farm is situated in the County of Middlesex, about 2½ miles east of Parkhill station on the main line of the G. T. R. Mr. Hords chief stock boar is imp. Starlight, bred by John Norman, Cliff House, Tamworth, Eng. He was chosen and imported on account of his perfect type, and comment is needless. The next in service is Pan-American 1st, so named on account of his winning 1st in his class at the Pan-American Exhibition last year, which speaks louder than words of his form and quality. The 3rd in service is boid boy, winner of 1st prize at Toronto in 1900. A choice lot of sires indeed! In brood sows, there is inglish Lady, imp., a cracker and no miscake; then there are two sows in breeding, out of Middleton Mimulus 12, sired by O. A. C. 115, a Toronto winner, and several others, all the kind that Mr. Hord is noted for keeping. In younger stock that is for sale are several young sows out of imp. English Lady and by Pah-American 1st—smooth, sweet young sows they are—and a number of ethers of both sexes, out of winning dams and sired by imp. Starlight. Mr. Hord is also showing a splendid flock of Embden geese, which he is offering for sale and which can be bought right, and there is no better bred geese than the Embden.

Mr. A. C. Hallman, Breslau, Ontario, writes: "I have at present the finest lot of Holsteins on hand I ever had, mated with my imported herd bull, Judge Akkrum De Kol 3rd. My superior bred cows are giving very satisfactory results, quality being stamped on every one of the offspring. I have several heifers milking now, that are very promising. My herd now numbers over 30 head of very select stock, such as will take the eye of every lover of good stock and choice breeding. I purpose to make a drait of my herd and exhibit at Toronto, to give intending purchasers a chance to compare the quality of my stock with other herds. My other stock bull, Sir Paul Alvino De Kol, promises well and is the right bull to mate with the get of my old bull. My Tamworths are also holding their own, and will compare well with the best in the country. I have long been amining to breed an ideal bacon pig, and consider I am nearing that mark. I have a number of young pigs on hand, and lots more to come. I hope to meet my many friends again at Toronto."
