# The Grain Growers' Guide

G. F. CHIPMAN, Editor.

Published under the auspices and employed as the Official Organ of the Manitoba Grain Growers' Association, the Saskatchewan Grain Growers' Association, and the United Farmers of Alberta.

The Guide is designed to give uncolored news from the world of thought and action and honest opinions thereon, with the object of aiding our people to form correct views upon economic, social and moral questions, so that the growth of society may continually be in the direction of more equitable, kinder and wiser relations between its members, resulting in the widest possible increase and diffusion of material prosperity, intellectual development, right living, health and happiness.

Published every Wednesday at Winnipeg, Canada. Authorized by the Postmaster-General, Ottawa, Canada, for transmission as second class mail matter.

Volume V. November 6th, 1912 Number 19

The Guide is the only paper in Canada that is absolutely owned and controlled by the organized farmers. It is entirely independent, and not one dollar of political, capitalistic or special interest money is invested in it. All opinions expressed in The Guide are with the aim to make Canada a better country and to bring forward the day when "Equal Rights to All and Special Privileges to None" shall prevail.

## Get a California Farm Be Independent in the San Joaquin Valley

If you could but see the opportunities offered men and women who will work, you would pack up to-day and move to this magnificent valley.

There is no other similar area under the Stars and Stripes where earnest effort will bring such tremendous returns. You go into a finished country, needing only intelligent work to bring fortune—*independence* to you and yours.

Go now and buy this land. It is settling fast and the prices are steadily advancing. You still can buy small farms of ten, twenty or forty acres, with water, for from \$125 to \$150 an acre. This same land, planted to alfalfa, will sell for from \$200 to \$300. Can you make money faster? But, once established, you won't sell. This alfalfa will bring you \$40 to \$70 an acre if you sell the hay. If you feed it to dairy cattle, hogs and chickens, your returns will be at least \$100 an acre.

Pretty good for such an investment—don't you think?

And fruit—for this is the home of fruit—is making fortunes every year.

Do you realize that of the 37,000,000 bushels of fruit (not counting apples or citrus fruits) raised in the United States every year, California produces 20,000,000?

Go out and investigate. The Santa Fe sells round-trip homeseekers' tickets to California and elsewhere in the Southwest on the first and third Tuesday of each month—only \$65 from Chicago.

Write to-day for our two books, "The San Joaquin Valley" and "What California Means For You"—both free. Just send a postcard to
