

LISTOWEL STANDARD.

FRIDAY, NOVEMBER 14, 1879.

TOWN AND COUNTRY.

The best assortment of Trays in town at Smith's.

Warton is ambitious and wants to be incorporated as a village.

Ferguson's Great Hoarding Oil for sale at Dr. Michener's book and drug store.

Canned fruits, biscuits, cigars and tobacco kept at Kidd's California fruit store.

The ladies of the M. E. Church gave a honey social on Monday evening in aid of the Church fund.

SEASONABLE.—A new supply of patent medicines just to hand at Dr. Michener's book and drug store.

The next meeting of the North Perth Teachers' Association will be held in Listowel sometime in February.

MR. GREGG, from Knox College, Toronto, occupied the pulpit in Knox Church, in this town, on Sabbath last.

Mitchell politicians observed Thanksgiving day by having a contest at ninepins—a peculiar way of manifesting their thankfulness.

TENOR WANTED.—A tenor singer can obtain the privilege of belonging to a select quartette company by application to B. B. Sarvis.

TO RENT.—A commodious two-story brick cottage with cellar, water, and other conveniences, \$10 per month. Apply to J. & J. Large.

For oysters fresh from the beds, go to G. T. Kidd's California fruit store.

STATIONERY.—For Sabbath School libraries, school books, music, and stationery of all kinds, go to Dr. Michener's book and drug store, where they can be procured at lowest prices.

A WIFE WORTH HAVING.—Miss Amy Hosteller, the daughter of a Pittsburg patent medicine manufacturer, recently married the other day. It is said that her father gave her \$1,000,000 in bonds.

A CURSE FOR DARKNESS.—Received at Smith's this week a large consignment of lamps. Nothing like them for want of bronze lamps, fancy glass lamps, hand lamps, bracket reflectors, &c. Call and see them.

The London Free Press, the leading morning paper of Western Ontario, is on sale at Dr. Michener's book and drug store. The Free Press arrives in Listowel several hours earlier than its Toronto contemporary.

We will always be obliged to any of our friends for items of news, personal or pertaining to business interests.

RESIGNATION.—At the recent meeting of the Presbytery of Stratford, Rev. Mr. Johnston tendered resignation of the charge of Moleward and Trowbridge.

NOTARY.—We notice by the official Gazette that Mr. Frederick Kees, of Talmerton, has been appointed a Notary Public in and for the County of Kent.

MR. DEXTER McFARLANE has removed to Toronto, with the intention, we understand, of prosecuting his studies at the Normal School. On the evening previous to his leaving, a number of his friends met at his residence and spent a very sociable party.

WASH AND BE CLEAN.—Dr. Michener has a large stock of toilet soaps which he intends disposing of at about cost; no one who respects a clean and healthy skin should fail to call and ascertain the low prices at which he is offering his stock of soaps.

AGRI. SOCIETY.—A Directors' meeting of the Elma and Wallace Agricultural Society will be held at the Albion hotel to-morrow (Saturday) afternoon at 3 o'clock. Five to ten members of the exhibition who have not as yet received their prize money are requested to attend.

The weather, which has been of a decidedly most cheerful during the past few days, gives promise of an Indian summer in the near future; but in view of the desolatory state of the atmosphere it would be rash to expect a continuation of a prospective Indian summer.

LEO BROKEN.—On Saturday last, while Mr. James Conger of this town was engaged at work on the new school house now being erected at Trowbridge, the scaffold gave way, precipitating him to the ground, resulting in breaking one of his legs. He is under medical treatment and is doing as well as can be expected.

NEW TIME TABLE.—The winter time table came into effect on the Great Western Railway on Monday last. There has been a number of minor changes made in the table for the Southern Extension W. G. & B. division, which will be noticed by consulting the railway directory published in another column.

Monsieur Camille Flammarion, a French savant or luminate, says that this earth of ours will freeze to death. At first sight the statement looks as if the savant had put up a job with the manufacturer of slates; but when he states that the catastrophe will occur in 9,874,504,123,827 years and three months he gives himself away, and people don't care worth a cent.

A FINE DISPLAY.—Dr. Michener has lately received a very fine stock of ornamental goods, including a large variety of cut-glass inkstands, pens, and a host of other articles, very suitable for presents. These goods make a capital display, and are well worth the attention of anyone wishing to invest in something that is in reality "a thing of beauty, and useful as well."

U. S. No. 1, ELMA & WALLACE.—Honor roll for the month of October in Union School No. 1, Elma & Wallace. Fourth class, Lavina Beatty. Senior second class, George Dickson, Henry Landrick, Eliza Gordon. Junior third class, Maggie Hall, David McMillan. Fourth class, Robert Nixon. Second class, George Nixon, Fanny Stubbs, Freddie Kopas. Jr. second class, Lillie Reid, Henry Kafas, Thomas Stewart.

BIBLE SOCIETY.—The annual meeting of the Listowel branch Bible Society will be held on Monday evening next in the Congregational Church. Information regarding the work done during the past year and a report of the financial state of the Society will be laid before the meeting; addresses will also be made by resident clergymen. It is desirable that there should be a good attendance, and we trust that all who can conveniently do so will make it a point to be present.

A CLOSE CALL.—One night last week Constable Hemphill came across a man lying apparently asleep on the track of the Great Western Railway near the Main street crossing. He had barely time to get the fellow off the track before the "missed train" from the west ironed in sight. The rescued individual had evidently been the worse of liquor, and in his stupor had chosen this very dangerous place for a nap. Such a "close call" should be warning enough to keep him sober the rest of his natural life.

THANKSGIVING DAY.—Places of business generally were closed on Thursday last, it being Thanksgiving day, and the town wore a quiet Sunday aspect. The union services held in Knox and the C. M. churches were attended by large congregations. Rev. Dr. Fowler and Rev. A. F. McGregor preached appropriate discourses at the respective services, the former in the morning and the latter in the evening. About \$21 were contributed in aid of the poor of the town by the collections which were taken up.

Choice confectionery—large stock just received at G. T. Kidd's California fruit store (late Barnes)—42.

L. I. A.—There was a fair attendance at the meeting of the Listowel Literary Association on Monday evening. In addition to the programme announced, the President, Mr. Rothwell, gave an excellent address, which contained a deal of sound and practical information concerning literary associations and the purposes they are designed to fulfill.

CATTLE FAIR.—The November cattle fair in this town respects the best of the season of the year, and is well attended.

It is rumored that Mr. W. Corbould, manager of the Bank of Hamilton, will shortly be removed to Wingham, to take charge of the new branch which is about to be opened in that town.
