NO RIOTING; KING CARSON A REAL HERO

Five Thousand Orangemen March Today in Belfast City.

[By Special Wire to the Courier] BELFAST, Ireland, July 13.—The insistent demand of the protestant portion of the province of Ulster for exclusion from the operations of the Irish Home Rule Bill, lent added interest to today's celebration of the anniversary of the battle of the Boyne which was carried out here with the greatest enthusiasm.

Sir Edward Carson, the Ulster Unionist leader, rode at the head of some 5,000 Orangemen, accompanied by the usual life and drum bands and including a sprinkling of brethren from the British colonies as they marched through the city of Belfast to Drumbeg, where a great open-air meeting was addressed by Sir Edward Carson and other leaders.

The Nationalist quarter of Belfast was carefully avoided by the demonstrators and on no occasion during the procession did the rival factions come into contact. So little did the authorities expect trouble that they depended entirely on the local police force to keep order, but all the military were confined to barracks as it is usually the case when political demonstrations take place.

[By Special Wire to the Courier] FREEPORT, N. Y., July 13.—Investigation of the murder on June 30, of Mrs. Louise Bailey in the office of Dr. Edwin Carman has led District Attorney Smith to form a new theory which is in direct contradiction to that brought forward by Dr. Carman that the murderer had planned to kill him and not his patient.

SUFFRAGETTE IS SORRY SHE DIDN'T SUCCEED IN DESTROYING CHURCH

[By Special Wire to the Courier] LONDON, July 13.—Annie Bell, the militant suffragette who yesterday tried to destroy Archdeacon Wilberforce's famous old church of St. John Evangelist, Westminster, was arraigned at the police court to-day and on hearing the charge said: "The only thing I regret is that the beastly thing didn't go off."

The prisoner expressed intense pride in her act. She congratulated the woman worshipper who had detected her setting fire to the fuse attached to the can of gunpowder and said her smartness was worthy of a better cause. She advised her to become a militant suffragette.

HUERTA WILL STEP DOWN FROM THE PRESIDENCY

Game is Up and Wilson's Policy Proved Successful.

[By Special Wire to the Courier] VERA CRUZ, July 13.—To save his country from the horrors of civil war and his capital from capture and perhaps sack by a victorious army, General Huerta intends to resign the provincial presidency and leave Mexico. This statement is made by Robert Esteve Ruiz, Mexican sub-secretary of foreign affairs, who yesterday reached Vera Cruz from Mexico City on his way to Europe.

Just when the change will come, Esteve Ruiz said he did not know. He was convinced, however, that Huerta would lay down his power during the coming week, and it would not surprise him, he said, if his resignation were announced to-day. Carajal, he added, was suggested as provisional president by the American delegation at the Niagara Falls mediation conference and agreed to by Huerta delegates, and the South American mediators, while the Constitutionalist directly had construed the idea that he would be acceptable to Carranza.

PT. DOVER FIRE

Brick and Tile Works Destroyed at Loss of \$20,000.

PORT DOVER, July 13.—The Port Dover Brick and Tile Works here were destroyed by fire last night with a loss of \$20,000, on which there was no insurance. The fire is believed to have been the work of an incendiary, as the plant is operated entirely by gas, and the gas had been turned off 36 hours before. The place was a mass of flames when first noticed and only the drying sheds were saved. A lot of modern machinery had recently been installed. C. W. Barwell announces that nothing will be done this season, but that the plant will be rebuilt next year. The fire throws 18 men out of employment.

Four hundred hogs have been killed in Oxford to prevent the spread of hog cholera.

Brantford's High Credit.

The following is an extract from the Financial Post of Canada, July 11th: "Wood, Gundy & Co. were awarded two issues last week, which were not recorded in last week's Financial Post. The largest of these was an issue of Brantford straight term debentures to the amount of \$134,431. These bear interest at 5 per cent. and fall due at the end of 1933 and 1953. The price paid was comparatively high, owing to the fact that Brantford credit is exceptionally good."

SATURDAY WAS WARM ENOUGH

Mercury Went Up to 93 Degrees—Oppressive on Sunday.

As if to announce that there might be a hot time in Old Ireland on the Glorious Twelfth, the weather man let loose a heat wave over this province by which to usher in the celebration of the 12th of July. The heat wave commenced to roll over Ontario on Saturday, when the mercury rose up to 93 degrees in the shade. By Saturday evening it cooled down to 60 degrees, but on Sunday afternoon it rose again to 89. These readings are according to the official reports at Mohawk Institute, but in some of the closed-in quarters of the city it was no doubt hotter than that. To-day, while the mercury does not read so high, the atmosphere is very oppressive, due to the excessive humidity.

WAR IS THREATENED AS RESULT OF ASSASSINATION IN AUSTRIA.

The riots in Austria which followed the assassination of the heir to the throne is threatening the peace of more than one European country. The terrible event which has thrilled Europe is another illustration of how well justified is the anxiety always present in the minds of European politicians and diplomats about the unstable conditions prevailing in the Balkans and even in the dual monarchy itself. The various rulers, whose portraits are shown above, are lending every effort to preserve peace in the terror ridden monarchy.

ROBIN WILL HAVE MAJORITY SEVEN VOTES

So Declares the Winnipeg Telegram in Its Issue Today.

[By Special Wire to the Courier] WINNIPEG, July 13.—The Telegram this morning declares that the Roblin Government is secure, and will have a majority of at least seven. It gives the standing of parties as Conservatives 25, Liberals 19, Independents 1, in doubt 1. The Independent is F. J. Dickson, who was Johnson's running mate in Centre Winnipeg, and practically a Liberal. The Conservatives claim St. George, which the Liberals hold doubtful, and say St. Clements is doubtful, although the Liberal is leading. The Liberals claim St. Clements as certain. The Telegram says: "Of course the government will carry the three deferred elections."

The fight in these, however, will be hot. Editorially, The Telegram this morning says: "The editor of the Orange Sentinel is entitled to the credit for reducing the government's majority. It was," says The Telegram, "disturbing which the Orange Sentinel engendered. Together with the literature freely circulated among Manitoba Orangemen which caused the thousands of Conservative members of the order to vote against the government, which they had consistently supported for 14 years."

The Free Press, claiming St. George as safely Liberal, figures the standing as Conservatives 4, Liberals 22, and says the Liberals will leave no legitimate means unexplored to win the deferred elections, the first of which, Le Pas, is announced for July 30, and the second at Grand Rapids, August 17th. The rumor is published in the press that Hon. Hugh Armstrong, defeated in Portage, will run in Le Pas, where nominations take place on Thursday.

Conservative Wins

WINNIPEG, July 13.—The Conservative party's advisers from St. George say Taylor, Conservative, defeated Sigfusson, Liberal, in that constituency by 9. This seems definite and makes the standing: Conservatives 25, Liberals 21; deferred 3.

DROVE THEM BACK

VANCOUVER, July 13.—Between 1 and 2 o'clock Sunday morning half a dozen powerful gasoline launches put out from shore towards the Komagata Maru, with the evident intention of carrying the Hindus ashore. The immigration department guards in a launch close to the vessel, armed with rifles, drove the Hindus in their launches back to shore.

Cannonade Over Catholic Section

[By Special Wire to the Courier] LONDONDERRY, Ireland, July 13.—The Orangemen here began the celebration of the anniversary of the battle of the Boyne with a cannonade, during which they projected their explosives so that they burst over the residences in the Catholic section of the city. The Nationalists, believing the cannonade to be the prelude to aggressive action on the part of the Orangemen, organized for defence, but up till noon no collision between the two parties had taken place.

While the Orangemen were attending church on Sunday, and the police were busy guarding their processions, the Nationalist volunteers succeeded in bringing into the city two automobile loads of rifles.

FUNERAL OF THE RIVER VICTIMS HELD SUNDAY

Sad Indeed Were the Last Rites at Obsequies at Mt. Pleasant.

Sad indeed were the last sad rites in connection with the burial of the victims of the dreadful drowning fatality in the Grand river Thursday night. Thomas C. Garnett, his son and his daughter. Many friends from the surrounding district and from the city attended the triple burial, which took place Sunday afternoon from the residence of the brother, Mount Pleasant, to the Mount Pleasant cemetery. The remains of the father in the cortege, which slowly made its way to the last resting-place of all three, amid sorrow which filled all hearts to overflowing. Rev. C. W. Saunders conducted the services at the house and grave, and paid a touching tribute in his address at the house to the bereaved. A wreath of floral tributes testified to the sorrow felt by all towards the sorely bereaved mother and child.

The pallbearers for the late Mr. Garnett were T. Murray, Henry Mordeux, Geo. Laird, Wm. Howe, Herbert Thomas and James Sweet. The playmates of the little ones acted as pallbearers as follows: For Mansell Garnett, Masters R. Hussey, Wright, Smith and Surry; for Ollie Garnett, C. Myers, Walters, Elsie and Walters. This was brought to a close an extremely sad chapter in the history of the community.

MERSEY DOCK MEN ON STRIKE

Recognition of Union and a Final Settlement of Disputes Are Demanded.

LIVERPOOL, July 13.—A strike was started to-day among the Mersey dock employees with the object of enforcing the recognition of the workmen's unions and bringing about the establishment of a joint board of workmen and employers to deal with disputes. While the strike was not general many of the power stations were rendered idle and several liners were imprisoned in the docks owing to the impossibility of opening the gates.

LORD MERSEY CALLED A FOOL BY ANDERSEN

Storstad Captain Very Angry at Nature of the Finding.

[By Special Wire to the Courier] QUEBEC, July 13.—A very indignant man was Captain Anderson of the Storstad when he left the courtroom Saturday, after hearing his vessel so roundly blamed for sinking the Empress of Ireland, and he was anxious to borrow the tradition which permits counsel three days in which to express opinion about the Judges after losing a case. "I did not think Lord Mersey would be such a fool," he angrily exclaimed, "and you can say so in your paper if you like. He may be Lord Mersey, but I can tell you if he ever had any reputation he is going to lose it over this case. It is in my opinion that he was trying to find in favor of the Canadian Pacific, and you can say that too."

Will Sue C. P. R. for Damages

"But," declared Captain Anderson, "don't you imagine that this thing will stop here. We people in Norway are too much interested in seeing it through. There will be plenty of work in the courts, both in Canada and Britain. We shall start a suit for damages against the C. P. R. here at once. Then we shall take action in the Admiralty Court in Britain, and that is where we shall get at everything out in the open—there will be no Lord Mersey to run things there," and the angry Norwegian strode off to lunch.

On the other hand, Mr. E. W. Beatty, general counsel for the Canadian Pacific, expressed warm appreciation of the finding. "To my mind," said Mr. Beatty, "it is an absolutely fair finding, based not only on the evidence, but upon the probability of circumstances and the condition of the surviving ship. I think that on reading the evidence and following the facts this finding will appeal to the people of Canada as an absolutely impartial and just decision. Further, as a Canadian, I must express my gratification that this great Canadian passenger-carrying concern has been exonerated from all blame for this terrible disaster. We should also be grateful to their Lordships that they so explicitly showed that the St. Lawrence route itself could be in no wise held responsible for the disaster."

Lord Mersey Not Surprised

When told of the criticisms levelled against him by Captain Anderson, Lord Mersey merely smiled, and remarked: "Ah, I am not surprised."

Lord Mersey, with his British assessors and assistants, returns to Britain next Thursday by the Calgarian. Chief Justice Ezekiel McLeod returns east in a few days, while most of the lawyers have already dispersed. By the close of this week every trace of the case celebre which has so disturbed the ancient captain during the past month will have disappeared, and all that will remain to mark it will be five huge graves in the Protestant and Catholic cemeteries, where known and unknown dead sleep their last sleep. These graves have been beautifully laid out with grass and flowering plants by the C. P. R., while later on suitable monuments will be put up.
