### BRITISH FORCES MAKE FURTHER GAINS

London, Nov. 15 The bulletin from General Headquarters issued tonight reads:

"During the day we further advanced our front north of the Ancre.

"The prisoners taken since Monday morning have reached a total of 5,378."

"The troops employed have shown conspicuous skill, dash and fortitude. Our success was not won without a hard struggle as the enemy resisted strongly, and as conditions of the ground of attack. Our losses, considering the extent of our gains, have greatly increased the difficulty have not been high. One division advanced a mile and took over a thousand prisoners at the expense of 450 casualties.

"South of the Ancre we established the positions won yesterday east of Butte de Warlencourt. The enemy, massing at one point for a counter attack was dispersed by our artillery fire.

"Yesterday our air planes did much useful work. Last night they made successful bombing attacks on an aerodrome, railway lines, stations and rolling stock."
