THE RAILWAY EMPLOYES' PIC-NIC ST Mulgrave on last Saturday was attended by a very large number of people. The seventeen cars which composed the trains were all well filled on its arrival at Anti gonish, yet nearly 200 people got aboard here. Notwithstanding the crowded state of the train, no accidents occurred.

THE CONCERT at Convent Hall last evening was much appreciated by the select audience that attended. Miss Lillie MacCully rendered her selections in most artistic style, and was greeted with rapturous applause. Perhaps the most popular being "Seville's Groves," "Come Unto Me," and "Fiddle Dee Dee." Mr. E. R. Stuart was the accommunist and did growl. Stuart was the accompanist and did excel lent work as a soloist also. The opinion universally expressed was that those who universally expressed was that those who did not attend missed the greatest musical treat of the season. It is rumored that Miss McCully and Mr. Stuart will return next year when we bespeak for them a crowded house.

BASE-BALL.—On Saturday two baseball teams from Trenton, Pictou Co., came down on the special train bearing picdown on the special train bearing prickers to Mulgrave to try conclusions with the first and second nines of the A. The splendid battery work and the all-round heavy batting of the home team were the special features of this game. In the afternoon the "big" nines engaged, and the victory once more inclined to the side of the Antigonish team. The score stond in its once more inclined to the side of the Antigonish team. The score stood in its favor 12 to 10 with an inning to spare. At the beginning of the sixth inning the game came to a termination, much to the disappointment of the spectators, by the visitors refusing to abide by a decision of the umpire. However, the game was long enough to demonstrate the superiority of the home team over the visiting one. As the latter had successively defeated the New Glasgow, Pictou and Truro teams, Antigonish can justly claim that it has the champion base-ball nine of Eastern Nova Scotia. Scotia.

In COMMON with many other papers throughout the country we deem it well to warn people against buying from travelling strangers, high-priced articles, of the value and quality of which they themselves are not able to judge. Persons

thus buying do not know what they are thus buying do not know what they are getting, nor how many times its value they are paying. If the article should turn out to be worthless, or the representations made concerning it to be false, where are they going to find the vendor to make them good. Meanwhile their promissory notes will pass into the hands of innocent parties or persons whose innocence they notes will pass into the names or innocente parties, or persons whose innocence they will have no evidence to disprove, and they will have no defence whatever when called upon to pay them. Another point upon which no same man or woman should need relief is never to have anothing you need advice is, never to buy anything you don't need, or can't afford, just because you will get a long time to pay for it. Consult your past experience and ask your-self: When the time for payment comes, am I going to be any better able to pay than I am to-day?
