FROM A HEALTH STANDPOINT

Rice should be more largely used. It's one of the nicest things to eat during warm weather and is nourishing. There are several kinds of Rice, and they cook very differently, some cook with each grain firm and distinct, others cook clear and soft.

GOOD RICE, 5c a pound.

FINE JAPAN RICE, 7c a pound.

FINEST JAPAN RICE, 9c a lb.

In many places they use Rice as Vegetable. We have a special kind for this.

WILL NOT USE ST. CLAIR ST.

The Electric Road Will Enter the City From Dover via Amelia, Joseph and Head Streets

Company Ask Permission to Change Their Route and a By-Law to This Effect Will be Prepared By City Council

After all the lengthy discussions, petitions and hearing of deputations at the Council Board in connection with the laying of the electric railway tracks on St. Clair street, it has been at last decided that the road may not go down that street at all, but may enter the city via Amelia, Joseph and Head streets, to get to the Aberdeen bridge.

This conclusion was arrived at by the City Council last evening. In view of the dissatisfaction which would have existed on St. Clair street, no matter whether the tracks were laid in the centre of the street or on the westerly boulevard, this is probably a happy solution of the trouble.

Ald. O'Keefe brought the matter before the Council Board last evening. He presented a petition from the business men on St. Clair street praying that the railway company's tracks be laid on the west boulevard so as to prevent the tearing up of the street. Another petition to same effect was received from ratepayers. The Mayor pointed out that the matter would have to be re-opened, as it was settled that the road should go down the centre of the street. Ald. O'Keefe pointed out that if the road went down the centre of the street traffic would be diverted and business interests would suffer. Ald. Ainsworth moved that the matter be reconsidered but met with no second. The Mayor refusing Ald. O'Keefe that privilege.

Later in the evening ex-Ald. Bell asked the privilege of addressing the Council regarding the route of the electric road in North Chatham. He stated that, owing to the heavy expense attached to the tearing up of St. Clair street, the electric road were considering the advisability of using Amelia, Joseph and Head streets to get in from the open country to the Aberdeen bridge. Before preparing plans, however, he thought it advisable to sound the Council on the matter to see what they thought of it.

Several of the aldermen expressed themselves favorable to this route, because of the fact that St. Clair street is the main artery of traffic from Dover into the city and the presence of tracks on that street would be a serious menace. Finally Ald. Ainsworth moved that a by-law be prepared amending the by-law respecting the electric road so as to allow of the route being changed from St. Clair street to the one proposed, his motion carrying.

STOP AND THINK.

Our days would all be brighter,
Our deeds would all be whiter,
If we'd only stop and think.

We would cease unrest to borrow,
We would banish worlds of sorrow,
If we'd only stop and think.

Some men carry spite to a degree
which makes them vindictive.

Ayer's Hair Vigor.

Ask your neighbors about it. One will say, "It restored color to my gray hair." Another, "Checked my falling hair." Another, "A splendid dressing." J. C. Ayer & Co., Lowell, Mass.

11 OIL TANKS BURNING.

An Area of Three-Quarters of a Mile Square of Flames in Texas Oil Fields—Struck by Lightning.

Humble, Texas, July 25.—Covering an area of three-quarters of a mile square, with a great canopy of smoke covering two miles, the oil tanks of the Texas Co. boiled and bubbled under the great heat of burning oil yesterday. When the fire can be extinguished is problematical. Certainly not until it has burned all of the oil in the eleven big tanks which held 2,500,000 barrels when lightning struck them Sunday afternoon.

Five negro workmen perished. There are hundreds of homeless people, many of them only awaiting a chance to go to Houston for shelter. During the whole of the night there was a heavy downpour of rain, and this covered the ground with a sheet of water coated with a thick film of oil.

Volcano of Oil.

Shortly after the big tank, which was struck by lightning, began to blaze, 200 workmen with seven-five miles were hurried to the place to throw up earthen embankments to confine the fire to the tank where it originated. Suddenly the oil gave an upheaval, bubbled and lifted a great mass of the burning fluid bodily from the tank, and the fire was communicated to three other tanks.

The burning oil caught the men and mules and burned them in. There was a wild scramble for safety, men dropping their scrapers and reins. Some of their mounted mules and escaped, but at least forty mules balked and were burned to death.

At 4 o'clock the fire broke out in the tanks and burned them in. There was a wild scramble for safety, men dropping their scrapers and reins. Some of their mounted mules and escaped, but at least forty mules balked and were burned to death.

AMERICAN TOWNS IN CANADA.

Surveyors Put Three Vermont Towns Across Real Boundary Line.

Newport, Vt., July 25.—The surveyors representing the United States and Canada have completed the inspection of the boundary line between the Dominion and the United States, at Richmond and North Troy.

It is stated that they have made startling discoveries. These are that Richmond, East Richmond and Stevens Mills, which are a short distance within what has been considered the Vermont side of the border, rightfully belong to Canada, and steps will probably be taken to establish the boundaries so as to give Canada either a recompense or the territory stated.

The strip of land involved is several miles in length, and from one-half to a mile in width. It has a population of about 4,500.

Anarchists Meet in Paris.

New York, July 25.—A meeting of 100 Anarchists was held Sunday night, says a Herald despatch from Paris. French, Italian and Spanish agitators were present. Violent speeches were made, and it is said to have been decided to proceed energetically against European rulers. The Spaniards were the most vehement, and said they were awaiting the occasion of the daily promenade of King Alfonso to make an attempt against him.

Train Accident Near Bridgeburg.

Bridgeburg, July 25.—An eastbound Wash passenger train, running on the Grand Trunk tracks, left the rails three miles west of Bridgeburg at 7.30 o'clock Sunday night. There were about 30 passengers, all of whom were well shaken up, but none so badly hurt as Miss Condit. Two waiters in the dining-car were cut about the hands. One had his back hurt. Both were brought to the General Hospital in charge of a doctor from Fort Erie.

My friend, don't talk too high; there is no diet so remorseless as to have to eat your own words.

Trampled to Death.

Medicine Hat, July 25.—Alex Dutchman, while attempting to drive range cattle from his crops a week ago Sunday, was trampled to death, and the body was not discovered for days, when it was so badly decomposed that it was impossible to ship it to his former home in Oregon.

Investigating the Fisheries.

Ottawa, July 25.—The Government has appointed a commission to investigate the Georgian Bay fisheries. It will comprise Prof. Prince, chairman; John Birnie, Collingwood, and James Noble, Little Current.

ANOTHER VOICE ON THE PRAIRIES

Tells of Diabetes Cured by Dodd's Kidney Pills.

W. G. Bartleman Could Get No Relief Till He Tried the Great Canadian Kidney Remedy.

Wapella, Assa, N. W. T., July 24. (Special).—This thriving town furnishes one of the most remarkable cures of Kidney Disease that has ever been reported on the prairies. Mr. Wm. G. Bartleman, a well known farmer, is the man cured and he makes the following statement:

"I had Kidney Trouble and it developed into Diabetes. I went to the doctor but his treatment was of no use whatever to me. I began to take Dodd's Kidney Pills in December, 1902. I took them all winter and summer while I was unable to work my farm. I took twelve boxes in all and in August I was able to work."

"Now I am quite strong. I worked all winter without pains in my back or any part of my body. Dodd's Kidney Pills cured me."

If the Kidney Disease is of long standing it may take time to cure it. But Dodd's Kidney Pills will do it.

If you would reach perfection follow the advice you give to others.
