THE ACADIAN

WOLFVILLE, N. S., SEP. 4, 1891.

Local and Provincial.

We have had quite cool weather this week for a change.

Mr. and Mrs. H. E. Fleming of Moncton, are in town visiting Mr. F. C. Johnson's.

Mr. and Mrs. J. D. Chambers have been in Wolfville this week, visiting at the home of the parents of the latter.

The last issue of the Dominion Illustrated contains a portrait of the late Rev. I. E. Hill, D.D., with an article on his life.

Mr. F. A. Dixon is making good progress with his house. The frame is now up and covered in and the building will soon be completed.

The annual fall meeting of the proprietors of the Grand Pre dike is to be held in Borden's Hall, at Grand Pre, this afternoon at 2 o'clock.

Rev. Mr. Martell occupied the Presbyterian pulpit last Sabbath afternoon, owing to ill-health of the pastor, and preached an excellent sermon.

About Aylesford the cranberry industry is rapidly growing in importance, last year about 1,000 bushels were shipped from the township and the crop will be equally as large this year, the first crop on old bogs being counterbalanced by new ones.

The Sunday-school Convention met as announced on Wednesday. The attendance was good and the meetings interesting and instructive. A full report of the proceedings is just to hand, but in view of its length and our lack of space we are compelled to hold it over till next week.

It has been decided that our produce will be admitted into the markets of the Spanish West Indies on as good terms as any other nation. This will be good news to our farmers, who were afraid the United States treaty would have the effect of crowding us out. They will be glad to know that we are all right for another year at least.

Get Japanese Enamel Paint for art furniture at Walter Brown's. Anyone can apply it.

Mr. Charles Ford, of Milton, Quebec county, has refused a cash offer of \$250 for his two-year-old colt sired by "General Gordon," and the John Martin mare by "Island Prince." Where is the draft station in this Province that has had more good money offered for a two-year-old? Mr. Ford says that his colt will weigh over 1500 lbs. when he is three years old. The skin blood is telling.

Green Wire, Cloth Windows and Doors ready to put on, for sale low.

WALTER BROWN.
The insurance inspectors were in Wolfville on Tuesday, examining our water system and appliances for protection against fire, with a view to a rating of the town for insurance purposes. The fire company was called out in the afternoon and succeeded in getting three streams of water on the Baptist church before ten minutes after the alarm was struck. We understand the inspectors were well satisfied with the lot.

On August 29th is even richer than usual, and if anything were wanting to vindicate Grip's claim to be an independent Journal this issue would do it. The principal cartoons deal trenchantly and at the same time amusingly, with the scandals of the day, and the other political and literary contents are sparkling with humor. Another Irish letter from "Tolly Tierney" is among the best of the good things. Get a copy at the Book store.

Mr. C. F. A. Patterson, of Horton Landing, has recently procured an excellent Jersey bull. He is sired from the Hart's stock at Lunenburg, N. B., the service of which costs \$100. Anyone wishing the services of this fine animal, should communicate with Mr. Patterson.

Good Reports of the Crops.

DEAR ACADIAN,—I will send you a few items with reference to crop prospects, and some facts with reference to the capabilities of our climate for growing peaches. The 24th inst. Mr. Leander Hand picked, mostly from five trees, 2½ bushels finely colored, ripe peaches. On the 25th William Cox, Esq., of Canada, picked over a bushel from four trees—three of the trees were a sight to behold. J. E. Lockwood had five dozens from two trees; some of them measured 8½ inches around. All were of the "Early Canada" and "Early Crawford" varieties. The two first named parties' trees were out four years, the latter three years. Plums will be a short crop in this section. Peas are looking well, most all trees are well loaded. Apples, under the average. Oats are a splendid crop—about straw and well filled; and wheat has been sown is certainly very fine. Mr. B. W. Borden has a field of wheat hard to be beaten in any section of the country. Mr. W. H. Hardwick has the largest and finest field of cabbage that has ever been grown in Canada. Potatoes promise a good crop, and if the West India market should be open to Canada on equal terms with the U. S. I do not see why our farmers should not be the happiest and most contented people in the land. The picnic season is in full swing now, and by the number of parties going should call them well patronized. We are also having quite a number of visitors from Halifax and the U. S. to enjoy our cool summer weather.

Yours Truly,
Canada, August 26th, 1891.

Castrating Cattle.

The proper time to perform this operation is while the calf is following his dam. By the use of the castrator the calf can be operated on and allowed to run with his dam, without any special care. In all the western stock farms geldings are made before they are weaned. Why not adopt this plan in this Province, as the calf will develop into a larger and finer animal than he would if left until he is two years old. Besides, at this season of the year the weather is warm, and there is not the danger of taking cold that there is in the spring when the winds are cold and damp. I have had some experience in this matter having operated on two hundred and twenty and know what I am saying, and have four of the best veterinarians in the world to substantiate my statement. The idea of a horse having a better neck because he is allowed to run in his natural state until he is half developed, is a delusion of the strongest kind. As it only tends to give a horse a lighter hind quarter and to make him sluggish. J. I. Snow.

Canada's International Exhibition.

We would draw special attention to the advertisement of this exhibition, appearing in another column. The programme is laid out so fully that it will not be necessary for us to enlarge upon it. We are informed that the exhibition proper promises to be more successful, both in point of exhibits and in their attractiveness, than that of last year. The entries are coming in rapidly, and besides a large number of local exhibits, some very fine ones are being sent from England, United States, West India Islands and some other foreign countries. All of the railway and steamship companies are making much more satisfactory arrangements for reduced fares than they did last year. The programme of amusements is so large and varied, that our readers will be safe in straining their visit to almost any day from beginning to the close of the Exhibition.

TENDERS!

Tenders for Court House Grounds and Buildings thereon, or any portions thereof, and for buildings separately.

The County Council in April Term, 1891, passed the following resolution:

Whereas it is believed that the present site of the said buildings is unsuitable for the same and can be sold for a large sum of money. Therefore resolved that an advertisement be inserted in the County papers inviting tenders for the whole of the said lands with the buildings, and for portions of the same with or without the buildings and for buildings separately.

Tenders for the whole of the above property, or any portion thereof, with or without buildings, or for buildings separately, as per above resolution, will be received at this office until November 30th, 1891, exclusive of envelopes to be marked "Tenders for County Grounds."

The Council reserve the right to accept or reject any tender or all of the tenders.
