ST. JOHN LETTER.

It is told that a young member of a city household limped home the other day and made a great outcry about an injury he had received on the street. His parents were a good deal alarmed and sent for a physician post haste. The physician arrived, examined the patient and declared that he was suffering from ecchymosis. Then there was consternation in the house. Was it contagious or infectious? The physician hoped for the best; good care and medicine would bring him through. Still there was a good deal of anxiety in that house until it was learned that the boy was suffering from nothing else than a stubbed toe. In the language of the learned a bruise is ecchymosis. It is by shallow tricks like this that some men make themselves famous.

There were 109 cases on the docket of the city court for trial last Friday.

Andrew Wilson is under arrest for criminal assault on a young woman on Brussels street last Tuesday evening. Such outrages are of frequent occurrence in the city because criminals of this class are rarely awarded anything but nominal punishment even if they are clearly proved guilty.

There is no peace for the wicked. The trials of the newspaper man are without respite, even on Thanksgiving day.

The grocery and provision markets are steady and few changes in prices have been noted during the last month. It is said that this season's crop of beans will be exhausted by the first of January and that prices are likely to advance to \$2 per bushel. Pickled herring are arriving and are quoted at \$1.75 to \$1.90. Butter and eggs are unchanged.

A St. John boy, 10 years old, is under arrest charged with stealing a horse and wagon.

The Rev. Dr. Bennett, an accomplished scholar and thinker, is seriously ill, at his home in this city, and his condition occasions a good deal of anxiety among his friends. His eldest daughter, Mrs. Book of Chicago, is now at the old home, and another daughter, the wife of Editor McCready of the Charlottetown Guardian, is expected home next week.

St. John, Oct. 21.
JAMES.

Oct. 23.—The schooner, Abbie Keast, that was launched here on the 14th inst., was built by Capt. W. F. Currie and C. J. Colwell under the supervision of Mr. Barnes of the Narrows. A large crowd gathered to witness the launching, which was acknowledged the smoothest and prettiest ever seen under like circumstances. As soon as the last block was removed from her keel she began to glide along the ways and slid into the water as graceful as a duck. She was warped to the pier amid loud hurrahs. The top rigging of the schooner Clarine was adjusted to the new vessel last week, and she set sail Saturday for Fredericton, where she will load lumber for Boston with Capt. Albert Erb as master. The Abbie Keast is owned by Alderman Keast of North End, St. John, Capt. W. F. Currie, C. J. Colwell and Capt. Erb.

Capt. J. D. Colwell returned home last week after spending a successful summer steamboating on the Mississippi. Mrs. Colwell and son Ernest, who spent the summer in Boston, accompanied the Captain home. Their many friends gave them a hearty welcome.

Rev. A. T. Dykeman, of Fairville, St. John, N. B., will deliver a lecture in the Baptist church, of this place, on Wednesday evening, Nov. 1st. Subject "The Model Man". Lecture in aid of the church.

The Rev. J. W. Blakeney will preach his farewell sermon on the evening of the 29th inst.

Mr. and Mrs. C. Bingley are receiving congratulations upon the arrival of a boy baby.

Mrs. G. S. Springer spent Sunday with C. D. Titus.

Blake Purdy, who is attending the Currie Business University, was home last week.

Mrs. George Coy (widow of the late Deacon Coy, of Upper Gagetown) and daughter Teddy, of Fort Fairfield, are visiting at C. Bingley Colwells.

Mr. and Mrs. George MacIntyre spent a few days last week with Mrs. MacIntyre's parents.

Exerciating Pains.

THE VICTIM A WELL-KNOWN AND POPULAR HOTEL CLERK.

After Other Medicines Failed He was Cured by Dr. Williams' Pink Pills—Every Dose Counted in the Battle Against Pain.

From the News, Alexandria, Ont.

There is no more popular hotel clerk in Eastern Ontario than Mr. Peter McDonnell, of the Grand Union Hotel, Alexandria. At the present time Mr. McDonnell is in the enjoyment of perfect health, and a stranger meeting him for the first time could not imagine that a man with the healthy glow and energetic manner of Mr. McDonnell could ever have felt a symptom of disease. There is a story, however, in connection with the splendid degree of health attained by him that is worth telling. It is a well known fact that a few years ago he was the victim of the most excruciating pains of rheumatism. Knowing these facts a News reporter called on Mr. McDonnell for the purpose of eliciting fuller particulars. Without hesitation he attributed his present sound state of health to the use of Dr. Williams' Pink Pills for Pale People. "I am," said he, "33 years of age, but three years ago I did not expect to live this long. At that time I was connected with the Commercial Hotel and as part of my duties was to drive the buses to and from the C. P. R. station. I was exposed to all kinds of weather and subjected to the sudden extremes of heat and cold. Along in the early spring I was suddenly attacked with the most terrible pains in my limbs and body. I sought relief in doctors and then in patent medicines, but all to no purpose; nothing seemed to afford relief. For two months I was a helpless invalid, suffering constantly the most excruciating pains. My hands and feet swelled and I was positive the end was approaching. My heart was effected and indeed I was almost in despair, when fortunately a friend of our family recommended the use of Dr. Williams' Pink Pills. I began using them in May, 1896, and had taken three boxes before I noticed any change, but not that time every dose counted. The blood seemed to thrill through my veins and by the time I had finished the fifth box every trace of the disease had vanished. Ever since then I have been working hard and frequently long overtime, but have continued in excellent health. Whenever I feel the slightest symptom of the trouble I use the pills for a day or so and soon feel as well as ever. I feel that I owe my health to Dr. Williams' Pink Pills and never lose an opportunity of recommending them to others suffering as I was."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, and "First Aids to the Injured" that should always be ready for use. Marlon Harland explains just what they are in the first of the four volumes "Health Topics" presented to each subscriber who takes advantage of the clubbing offer for

1900 of The Weekly Globe, which has been for over 50 years, and is now, Canada's leading family newspaper, from now to January 1, 1901, for one dollar. Marlon Harland's latest book "Bits of Common Sense," four volumes. Sent free; postage prepaid.
