## BEAVER FLOUR

is because the flour is always the same. It is milled from *blended wheat*,  
Ontario fall wheat, strengthened with western spring wheat.

Being blended in exact proportions, Beaver Flour is always the same in  
strength and quality; and always gives the same results, no matter what  
or when you bake.

It will be a change for the better when you change from western wheat  
flour to Beaver Flour, milled from blended wheat.

disease; it is greatly influenced  
by constitutional conditions.  
Cattarrh Cure is taken internally  
and acts thru the blood on the muc-  
ous surfaces of the system. Hall's  
Cattarrh Cure was prescribed by one  
of the best physicians in this coun-  
try for years. It is composed of  
some of the best tonics known, com-  
bined with some of the best blood  
purifiers. The perfect combination  
of the ingredients in Hall's Cattarrh  
Cure is what produces such wonder-  
ful results in catarrhal conditions.

## The Ford Saves the Hay and Oats the Horses Eat

IT HAS been estimated that five acres of land are required to maintain  
one horse for a year, and that the same five acres would produce  
nearly enough food for two people. If 50,000 Canadian farmers each  
replaced one horse with a Ford, 250,000 acres would be added to the  
Nation's source of food supply and enough extra food made available to  
feed 100,000 people.

Just think what a great service this means to the country at the present  
time and the benefit to the farmers from the sale of food produced on  
this acreage.

A Ford car also saves the farmer a week or more of valuable time each  
year, which can be used for further productive work. The Ford travels  
three times as fast as a horse and rig—costs less to run and keep, and is  
far easier to take care of. With labor so scarce and high priced, time  
means money, so do not delay in getting your Ford.
