The merit of Hood's Sarsaparilla
Is literally written in blood
It is traced in the vital fluid
Of millions of the human race.
Its positive medicinal merit
And curative power is written
Upon the hearts, and graven upon
The minds of thousands
Of people whom it has cured
And given good health
When there seemed nothing before
Them but darkness and despair.
It cures all diseases arising
From or promoted by impure
Blood by its intrinsic merit as
The one true blood purifier.
