THE RIDING SAFE. MP. RISHOP ELECTED.

PREMATURE REJOICINGS OF THE PROG. PARTY. THE GREATEST SELL OF THE SEASON.

The election in South Huron last Exeter..... Wednesday resulted, as most of our Seaforth readers are no doubt aware by this time, form Candidate, by a majority of 14. The majority is small and the narrow Majority for Bishop 14 escape the Reform party has had should teach them a salutary lesson. Had they possessed the energy and had the organization of their opponents, there is o reason why Mr. Bishop's majority should not have been equal to that of Mr. Gibbons two years ago. On the part of Reformers there was a feeling of ecurity as well as r pathy, the result of which is that they have had a very narrow escape from defeat. Of course the Teries claim that the result of the elecion shows that they have gained over a large number of Reformers, but the full returns as compared with those of the election last year, show that the Tories have polled 49 rotes less than they polled in the same municipalities last year. The reduced Reform majority is lue therefore wholly to the fact that a

large Reform vote remained unpolled. We fear local and petty jealousies had much to do with the indifference o Reformers. They should learn a lesson from the present contest, and follow the example of their opponents, who lay aside all such feelings when election

time comes, and turn out to a man in support of their candidate. Were Re formers to do the same they would be
