2 in 1 Shoe Polish.

MR. MERCHANT:
If the stuff you sell, labelled shoe polish, destroys the shoes of an entire family you're going to lose that family's trade. Since the market is flooded with fake preparations you ought to push

2 in 1
because it is a shoe shine which actually preserves leather. It contains no chemicals or acids and cannot be applied without adding days to the life of shoes. Place your order to-day. For sale by all dealers.
