VALVE-IN-HEAD Buick MOTOR CARS

A First Prize of \$500.00 was recently awarded a Buick Motor Car owner in an extensively advertised long distance mileage contest conducted by a Roller Bearing manufacturer.

The Buick Car, winning this prize, had traveled 262,000 miles in all kinds of weather over all kinds of roads. The car was manufactured in 1909 and had been in almost continuous service ever since.

In its travels 15,000 gallons of petrol were consumed, 200 tires were used and the car covered a distance equal to 9½ times around the world.

The same quality material and workmanship which made this record possible is being used in the construction of the Buick Car to-day. That is why the growth in production has never been able to keep pace with the increase in demand.

When Better Cars Are Built Buick Will Build Them.

After the War

Fittall
SELF-ADJUSTABLE SHOE TREES
COMBINATION SHOE TREE AND STRETCHER

Place a pair of Fittall Shoe Trees in your shoes, and you will not only preserve them from becoming mis-shaped, but you will not only preserve life and beauty, but more comfortable shoes you wear them, and at a hose.

FITTALL Shoe Trees are ingeniously devised as shoe, high or low, and adjustable. They are able in "breaking in" and preventing chafing of the feet, as well as venting corns, etc.

Buy a pair to-morrow and see what a marked difference they give the appearance of your shoes overnight. At all leading Shoe and Department stores.
