

Game and Inland Fisheries Board.

The following Regulations under Provision of "The Game and Inland Fisheries Board Act, 1910," are published for general information.

LICENSE TO TAKE SALMON OR SEA TROUT.

No person, not being a resident of this Colony or its dependencies, or not having a fixed place of domicile therein, shall take or fish for any Salmon or Sea Trout in the inland waters or estuaries of this Island or its dependencies, or fish in any river, stream or water, in which there are Salmon or Sea Trout, or to which Salmon or Sea Trout resort, unless such person shall first have taken out and obtained an Inland Fishery License; provided, nevertheless, that this section shall not apply to Officers of His Majesty's Ships upon service on or visiting this station.

The conditions on which the said License is granted shall be:—

(a) That the Licensee shall in all respects conform to the Laws of this Colony, and especially to the Statutes and Rules and Regulations of the Board, having reference to the taking of fish in inland waters, and shall do all in his power to prevent the infringement of such Laws, Rules and Regulations, and to promote the protection of the Inland Fisheries.

(b) That he shall pay to the Board, or its authorized agent, the sum of Ten Dollars as a fee for said License, and a further fee of Fifty Cents to the person issuing the same.

(c) Upon proof to the satisfaction of the Board that such Licensee has been guilty of any violation of the Law, the Board may declare the said License to be cancelled, and the said Licensee is thenceforth deprived of all rights and privileges under the same.

GUIDES.

No person shall act as Guide for any sportsman or party of sportsmen unless he shall have first obtained a certificate from the Board. No person, not having a fixed place of domicile in the Colony, shall be qualified to receive such License or Certificate until he shall have satisfied the Board as to his age, domicile and qualifications, and shall have paid the Board or its authorized agent the sum of Fifty Dollars as a fee. Any person not holding a Certificate or License as herein set forth.

NOTE.—Penalty not exceeding One Hundred Dollars, or, in default, to imprisonment for a term not exceeding two months.

TURKS GO HOME.

VERSAILLES, July 4. Members of the Turkish delegation will leave here to-morrow. The Council of Four last week sent a note to the Turkish delegation advising that nothing would be gained by its longer stay in Paris, as the questions the Turks raised concerning international questions which cannot be decided quickly.

R-34 HAS CARGO.

NEW YORK, July 4. The cargo of the R-34 included twenty ounces of platinum consigned to a New York retail importer concern, according to a cable from London received to-day by the firm announcing the shipment had been made. This consignment the first "freight" carried across the Atlantic by aircraft is valued at \$2,000.

HIGH COST OF LIVING RIOTS IN ITALY.

ROME, July 4. Four persons were killed to-day when troops fired on a crowd at Imola, twenty-two miles from Bologna as a result of demonstrating against the high cost of living. Newspaper despatches received here report the agitation particularly strong at Bologna, Ravenna, Florence and Forli. Stores have been pillaged.

DEMPESEY WINS IN THREE ROUNDS.

TOLEDO, July 4. By virtue of one of the speediest and one-sided battles which ever decided a big fight event, Jack Dempsey, who may now wish to be known by his full voting name of William

Harrison Dempsey, to-day became the world's heavyweight champion boxer. To all intents and purposes he whipped the huge Jess Willard, favorite in the negro betting, in one round. Dempsey thought the referee had announced him winner and, actually left the ring, but he was called back and the butchery continued for two rounds more, when Jess sitting in his corner with a bewildered look on his swollen countenance, failed to respond to the gong of the fourth. "It was no use to continue," said the champion, "my strength went from me in the first round." He sat there apparently the most surprised man in the United States at the moment. His right eye was closed and his right cheek swollen and blue with bruises. Blood covered his body and his arms hung helplessly over the ropes, that it seemed as if a child might give him further abuse without arousing his interest. Dempsey was breathing hard when the fight ended, but it was from exertion and not from punishment. He escaped almost unhurt, but as he had been using his arm like triphammers on the anatomy of his opponent for nine crowded minutes, in a sun that sent the thermometer to 110 degrees, his heart was still pumping at high pressure and he appreciated the breathing spell. In the first few seconds of the contest it looked as if the experts who had been assigned to keep detailed account of all blows struck might come measurably close to doing so, but it was only for a fraction of a moment, after that the experts did what to count Jack's blows, let alone take note of how each was made. The challenger knocked the big fellow down seven

times in the first round and had him hanging helplessly on the ropes or draped over his own shoulders most of the time, when he was not taking advantage of the count. The crowd thought the fight over in that round. Willard was down for the seventh time and the count was apparently about to end when the gong sounded. It was a modest gong which couldn't make itself heard before so many people, and even Dempsey didn't get it. He crowded through the ropes and was headed out on the shoulders of screaming fans when the truth was broken to him. When they were introduced, Jess sauntered over with the cordial manner of one desiring to reassure a youngster, and took his hands in the friendliest way. Jack's handshake was friendly to just then, but it was the last token of friendship from those gloves. A minute or so later they were using Willard for a chopping block and some in the crowd were crying, "Stop it, stop it, it's plain murder." Dempsey's first effective blows and the ones which apparently settled Willard's fate were a right over Jess's shoulder to the jaw, a left to the body and a right to the jaw. Jess staggered, his eye was closed and he reeled and the challenger, with all the energy of his youth, began hitting him at will. The attendance was below the expectations, and the estimate was that not more than half of the seats were occupied. Speculators lost heavily. They resold their tickets under anything from five to fifteen dollars under given prices. No betting was reported from the ringside, nor was there much elsewhere so far as could be ascertained.

St. Bon's Reunion.

There will be a great gathering of the clans at St. Bon's College on July 14. All the returned warriors, who are ex-pupils of the College will appear in full uniform. The beloved "Padre" of the Regiment, Father Nangle, will celebrate a Solemn Mass of Thanksgiving, and in the Sanctuary to assist will be Majors Carly and Sullivan, Captains Fox, Byrne, M.C., Howley, M.B.E., Lieuts. Smith, Edens, Chas. McGrath, John Dee, and Jack McGrath, M.C.

Benediction of the Blessed Sacrament will be given by His Grace the Archbishop, assisted by Frs. Donnelly and Kerivan, and the Servitors will include Majors Emerson and Cashin, Capts. Leo Murphy, Bert O'Rielly, R.A.M.C., Lieuts. J. Parker, C. Freebairn and G. Flynn.

The Cadet Band will play Mozart's Twelfth Gloria, and Handel's Hallelujah Chorus during the ceremonies. Sir Michael Cashin will preside at breakfast, and he will be assisted by the following honorary Prefects:—Capt. Stan Robertson, Hector Ross, Lieuts. A. Clouston, Hal. Knight, Geo. Adams, R. Burnham, Sergts. P. Brien, Gladney, D.C.M., S. Moore, S. Mott, J. Adams, J. Kelly, Eric Robertson, Geo. Jackman, W. McGittigan, R.N., E. F. McNamara, R.N.R., A. Hogan. The souvenir is an artistic and appropriate one, it is printed in the College colors, blue and gold, and reflects the highest credit on Mr. M. Manning, of the Herald Co., who superintended the artistic side of it, and on Mr. Power who contributed to the make up. It is a gift to the Association by the Hon. Sir P. T. McGrath, a governor of the College. Sergt. J. Robinson is the caterer for the breakfast, and arrangements have been made for a grand photo of the gathering after breakfast, so that each member will have a pleasing and permanent record of this historic gathering.

The re-unions heretofore have been very successful, but this year's bids far to eclipse all previous ones.

Opening Football Game.

SAINTS DEFEAT COLLEGIANS.

Before 2,000 spectators, the Collegians, in the first game of the season, went down to defeat to the Saints, with a score of 4 goals to 2, last evening. The game opened with the Collegians defending the eastern goal. Play was pretty well even in the first half, but the Collegians had hard luck in finding the net. At half-time the score was 2-1 in favor of the Saints.

On resuming play the Collegians had the most of the play, Lush being kept busy defending his goal. From a mix-up in front of the Saints' goal L. Munn took control of the ball and the Saints scored the third goal which should have been called off-side. However, it was not, and the score now stood 3-1 in the Saints favor. The Collegians after some quick work scored through R. Quick, and for the remainder of the game had the best of the play. The game ended with the score standing 4 goals to 2 in favor of the Saints. Hon. W. J. Higgins, Vice-President of the League was referee and the players were: Saints—Lush, goal; Tait, Crawford, backs; Elton, Hammond, Irvine, halves; Burns, Curran, Young, Munn, Robertson forwards.

Collegians—Wornell, goal; Chaney, Ellis, backs; Garland, Quick, Heath, halves; Coultas, Macklin, R. Quick, Gooble, Chafe, forwards.

The next game will be on Monday evening between the C.E.I. and Star teams. As both have strong line-ups a good game is expected.

New Tug Arrives.

The tug Mouton, which is to be used on the Harbor by the Furness Withy Co., arrived in port yesterday via St. Pierre. She is larger than those at present engaged here and is expected to give good service in the docking of the Furness boats.

DOING WELL.—Mr. Harry Peddrew, who was recently severely injured through a motor accident, is now rapidly improving though still confined to his bed.

The Sample alone Healed Me After 10 Years of Eczema.

I had been a sufferer from facial eczema for about ten years. I was treated unavailingly by several doctors and remedies. About two years ago I saw D. D. D. advertised. I at once desired to give it a trial and sent for a sample bottle. The sample alone healed me and I have had no return of the trouble since. D. D. D. has been a godsend to me as well as to many others. I give you full permission to use these few lines to help to tell other poor sufferers about D. D. D.

MRS. HENRY HARVEY, Black Lake, Que.

You write, too, to the D. D. D. Company of Toronto for a sample and get immediate relief. Or, ask your druggist and he will tell you what D. D. D. has accomplished in your own neighborhood. Your money back unless the first bottle relieves you.

Another Addition.

TO THE GRAND BANK FLEET.

Mr. Eli Harris, the famous ship-builder of Grand Bank, is now engaged in the creation of another new vessel of the three mast tern schooner type and expects to have her glidde successfully on the water about the last week in August. She will be built to the order of Messrs. S. Harris, Ltd., Grand Bank's great commercial firm. This will be the third ship of that type to be turned out by him during the last three years and the new one promises to equal if not exceed the other high class productions. Her dimensions will be about 177 tons, and in all the work connected therewith nothing but the best and strongest material will be used. The frame is of local witch-hazel, obtained from our local forests and dressed at the mill of Roberts Brothers, Bay D'Espoir, whilst the planking is of beach and witch-hazel brought from Nova Scotia. The decks, both upper and lower, are of local material as good as anything that can be imported, as are also the stanchions and cross-beams. The three masts ranging in length from 72 to 74 feet, of Douglas fir were brought from far off British Columbia, and are sticks of superb strength and durability. Out of the best Nova Scotian spruce there will be six strengtheners made running along her whole interior and this material will be fireproof in width. Her cabin fittings will be of Nova Scotian oak, the best procurable, and will contain upholstered settees and most comfortable state-rooms, together with improved lavatory equipments, whilst the crew generally will also be provided with up-to-date quarters.

It was hoped to have the iron work all done locally but owing to trade conditions at present it had to be imported.

The large spread of canvas which will require to be made for the ship will be the strongest and best that money can buy and will be converted by the sailmakers of Grand Bank into the various sails required. Other skilled workmen of that prosperous town will also perform the necessary painting, caulking and rigging, and when she takes to the water on her launching day the whole of Grand

Bank will look with pride upon this artistic creation of the genius of the designer, Mr. Eli Harris, and the successful construction by the clever and skilful workmen under his control.—Trade Review.
