Look in the Glass

Look at your teeth in the glass. Then brush them in this new way for ten days and look again.

There is a film on your teeth—a slimy film. It clings to the teeth, enters crevices and stays. The tooth brush does not end it. The ordinary tooth paste does not dissolve it. So it stays between the teeth and elsewhere and may do a ceaseless damage.

This film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film.

Dental science, after years of searching, has found a way to combat it. Able authorities have proved it by many careful tests. Now the method is embodied in a dentifrice called Pepsodent, and leading dentists everywhere are urging its daily use.

A 10-Day Tube is now supplied to everyone who asks. Test it and see what it means to you.

A Week Will Tell

The results of Pepsodent will be a revelation. A week will show you that there is a way to whiter and safer teeth. For your sake and your children's sake, make this test and see.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to day by day combat it.

But pepsin must be activated. The usual method is an acid harmful to the teeth. So pepsin long seemed barred. Science has now overcome this trouble by discovering a harmless activating method. It is that method which makes possible this efficient film combatant.

You can prove the effects, and quickly. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten—how they glisten—as the fixed film disappears.

Compare the results with your old methods. Learn what clean teeth mean. Then let your own mirror tell you what is best. This test is most important to you. Make it at once. Cut out the coupon now.

Wants G.W.V.A. to Act.

Editor Evening Telegram.

Dear Sir:—I will thank you to give this short letter a space in your widely circulated paper, The Telegram.

I am sure every returned soldier of the Newfoundland Regiment will take off their caps and give three cheers for the Australian soldiers, why? because they have been treated good by their Government; they have been shown by the people of their home land that they were worthy of first consideration, and how could Australia treat her returned soldiers better than by giving them sufficient money to place them on their feet in civil life. Newfoundland, we have fought for you. We have bled for you. What have you done for us? A bare little in return. Newfoundland gave us cripples the sum of \$420.00 to try and bluff us into the fact that you honour us. Is it possible that the Great War Veterans' Association of this country is going to sleep while its members are so treated? No. Wake up soldiers, and let not the blood that was running in your veins when your country needed you be frozen by the cold frost of winter. Wake up in the common name of true soldiers and demand as a body of wronged men the justice that our country owes us. Come on Mr. Mitchell, our worthy President of the G. W. V. A., we are with you to a man. Call a meeting and let us hear what we want to know. Are we going to sit back like school children and let the responsible people laugh at us. No. We are a strong body and we must be felt, or our G. W. V. A. is a farce. Come on soldiers of the G. W. V. A., gather to the next meeting and let our President, Mr. Mitchell, see that we are with him to the end. Never mind what Canada is doing, we have our own troubles, and we don't want Canada to settle our troubles for us. We, the soldiers of Newfoundland, fought our own battles. Why are we not able to seek our own justice. Well done 303. Well done Sailor Chap. I am with you both and all the boys will be with us at the next meeting. True, Mr. Sailor Chap, we did not need any experience when we were taken to hospital. What I can't understand is why some particular person, who once held a position with the G. W. V. A., don't try to send a letter on our behalf to the press. I feel sure if the person I refer to can write as well as he can speak, then his letter would be very interesting.

Yours truly,
MEMBER OF G. W. V. A.

Notre Dame Council Knights of Columbus.

A notable event in the history of the Knights of Columbus in Newfoundland took place on Sunday, Nov. 23rd, when Notre Dame Council, No. 2053, was instituted at Grand Falls. The conferring of the First Degree on forty-two candidates was followed by speeches by the Grand Knights of Dalton, Terra Nova and Conception Councils and by Messrs. Judge and Dwyer representing American and Canadian councils respectively. The State Deputy also addressed the new Knights. The following officers were then installed:

G. K.—Bro. W. Shanahan.
D. G. K.—Bro. A. Duggan.
Chancellor—M. J. Nugent.
Fin. Secretary—D. Clatney.
Recorder—S. Hannaford.
Treasurer—A. Jackman.
Warden—Jas. Murphy.
I. G.—John Kelly.
O. G.—J. Pumphrey.
Trustees—Bros. J. Edwards, G. Kelly and W. Goss.

Later the visitors were guests at a banquet tendered by Notre Dame Ladies' Guild and all voted it to be the most sumptuous they had ever had. The pleasure to attend. During their visit to the paper town the city folk were entertained in a manner that ably demonstrated the splendid hospitality for which the Grand Falls people are noted.

At the Majestic.

Another packed house greeted the show at the Majestic Theatre last evening, when Geraldine Farrar and Milton Mills featured in the splendid Goldwyn production, "The Hell Cat." This is a picture of adventure in the West, and in it these two famous moving-picture stars are shown to great advantage. Geraldine Farrar has no superior as an actress of the "heavy" type, while Mills, who is always seen with interest, carried the part of co-star with admirable skill. An Irish sheepraiser has settled in the West, where cattlemen are in the majority. The latter are opposed to the invasion of the sheepmen, and sworn enmity results. One by one the sheep mysteriously disappear and are found dead. As the sheriff of the settlement Mills must hunt down the ones guilty of the killing, and the way in which he does this is certainly good to see. As a result he wins the fair Panchita, the Irishman's daughter.
