G. Rendell began, Colonel Nangle may feel assured of the support of the entire country, and although he has but a month in which to realize his objective, the energy and enthusiasm with which his supporters are imbued, are bound to result in the erection of an appropriate mem-

### To-Night's Debate.

orial to "Our Glorious Dead."

"That the fishery products of Newfoundland should be exported in local bottoms, and the maximum freight rate fixed by law," is the subject which will be debated at the M.C.L.I. to-night. This is a very topical subject and one over which there has lately been considerable newspaper controversy. Capt. A. Kean will be the exponent of the cause of local bottoms, and Mr. R. A. Templeton will lead the negative side.

Parade Rink will be open to-night.

#### Airplane Inspection.

Another step forward in the use ey has just been made. A Montreal of the new Pope: npany has been organized which vill take over the entire flying plant nd equipment of the Laurentide Air Service of Grand'Mere, Que. During he coming season this company will take over the air cruising work in the St. Maurice Valley, with headquarters at Lac La Tortue, Que. The new company is headed by Mr. Thomas Hall president of the Hall's Engineer ing Works, and also president of the Canadian Aerial Service, H. D. Wilshire, vice-president of the Canadian Aerial Service Ltd. and Roy Maxwell, former chief pilot in the aerial services of the Laurentide Co.

The principal work of the fleet of ircraft handled by the new company will consist of aerial photography. to decide the value and potential worth of timber limits, replacing the oldtime timber cruisers, aerial fire patrol and reconnaisance and trans-

It is planned that photographic osaics of large forest areas in the St. Maurice district shall be taken, from getting out of hand.

It is also planned that the pany's machines shall be used, for pessenger business, to Lake St. Louis, the Thousand Islands, Murray Bay, etc., with a view to starting a modern
