

Don't Eat
This is the complaint of thousands at this season. They have no appetite; food does not appeal. They need the tonic Hood's Sarsaparilla will give them. It also purifies and enriches the blood, cures that distress after eating and internal misery only a dyspeptic can know, creates an appetite, overcomes that tired feeling and builds up and sustains the whole physical system. It is promptly and efficiently relieved dyspepsia, constipation and cures nervous headaches, that it seems to have almost "a magic touch."

BACON.

Our advice by private letter from Liverpool refers to the great increase in the price of Canadian bacon, not only in the large centers, but in the provincial towns and country districts, and is known as Canadian bacon, and so much is it liked that certain lean brands have sold as high as 54s and 55s, or as much as Danish brands will bring. This speaks volumes for our export bacon trade, which promises to develop into a very important one. It seems that the most favored brands of Canadian bacon in England are lean, although medium fat cuts are also appreciated. —[Trade Bulletin.]

MILLEED.

There appears to be a good demand for Ontario bran, with sales of car lots at \$10 to \$12 25, some holders refusing to sell under \$10 50. The demand has been stimulated by inquiries from United States buyers, who have taken quite a lot of Ontario bran. Notwithstanding this, some dealers have reported sales of Ontario bran at \$9 to \$9 50, but it has turned out that the bran thus sold was ground in Ontario from Manitoba wheat, which makes all the difference. Bran made from Ontario white winter wheat is wanted at \$10 to \$12 25.—[Trade Bulletin.]

Local Market.

(Reported by A. M. Hamilton & Son.)
London, Saturday, May 22.
Wheat, fall, red, per bu. 72c to 73c
Wheat, fall, white, per bu. 72c to 73c
Wheat, spring, per bu. 72c to 73c
Oats, per bu. 22c to 23c
Peas, per bu. 22c to 23c
Corn, per bu. 22c to 23c
Rye, per bu. 22c to 23c
Beans, per bu. 22c to 23c

This was probably the best attended market this year. At 9 a.m. the square was quite thronged, and there was a constant stream coming on and going off.

Oats and wheat were the principal kinds of grain offered, and the price paid was much the same as on Thursday.

A few loads of oats sold at 60c, but the quality was poor as a rule, all the best samples selling at 55c to 60c.

Corn sold at 60c for dry flint and 55c for common.

Peas were very scarce and in good demand at 70c to 75c per cwt for good quality.

Beans sold at 55c; they were hand-picked.

Eggs were steady at 50c to 55c, according to quality.

Butter quiet, ranging from 10c to 15c, according to quality.

Chickens brought 50c to 60c per pair, and in some cases 70c.

Receipts of beef, veal and lamb were good; the demand for lamb was very strong and that for beef quiet. Veal was a little dull.

Dressed hogs—Quiet.

Hides and skins—Firm and unchanged.

Wool—Active and steady.

Potatoes were again very plentiful, and sold at 25c to 30c.

The rest of the list remains about the same. A good business was done in all lines. Young pigs were quite numerous as last Saturday, and the price was hard to get at; there seemed to be no settled value. It was as you can and pay as little as one could.

The sales ranged from \$4 to \$5 per pair, but the price quoted does not indicate that some were better than others, though they were; but good bred ones, figures sold as low as poor, and vice versa.

Hay sold slow at 35c to 37c 25.
