PASEBALL

HAMILTON STILL LOSING. The local ball team is fast securing a cinch on the Canadian championship, and unless the Hams take a brace they will find themselves hopelessly distanced in the race. The locals had little trouble in landing yesterday's game, which was replete with errors and the snappiest kind of fielding. The visitors ran in the hardest kind of luck, repeatedly filling the bases, and then not a man scoring. Kostal pitched a steady game, and was at his best at critical stages. Buege also pitched a splendid brand of ball, and made three pretty singles. He is the hardest hitting pitcher on either team.. Mc-Andrews, who went to Minneapolis, was back on third for the Hams, and put up a star game. He hit the ball often and hard, fielded in good style and was a whirlwind on the bases. Pitcher Bradford played center for the visitors, and assisted in a double play. He also lammed the ball, but it generally fell into an outfielder's mitt. Bill Reid made a sensational catch of a long drive to deep center, and had to doff his cap to the stands on coming in to the bench. Manager Chub Collins took in the game from the bench, and considerable talking to Umpire Popkay, whom he accused of giving the Hams decidedly the worst of it. In the ninth the Hams started in at a lively clip to try and tie matters. Mc-Andrews sent a beauty to center for two bases, and Doran drove the ball to left, and McAndrews crossed the plate. Bradford then put the ball over

"For years I have been troubled with rheumatism and dyspepsis, and came to the conclusion to try your Pills. I immediately found great relief from their use. I feel like a new man since I commenced taking them and would not now be without them. The drowsy, sleepy feeling I used to have has entirely disappeared. The dyspepsia has left me and my rheumatism is gone entirely. I am satisfied if any one so affileted will give Radway's Pills a trial they will surely cure them, for I believe it all comes from the system being out of order—the liver from the system being out of order—the liver not doing its work.
