UNCLE SAM A BIG CUSTOMER

Lumber Shipments Going To Be Very Heavy Hereafter-Much Farm Produce Shipped.

Windsor, July 7.—The annual report of Hugh C. Morris, United States consul at Windsor, for the year ending July 1, contains some very interesting information concerning the shipment of goods of all descriptions to the United States through the port of Windsor. During the year the total value of exports amounted to \$814,-550 05. Of this large amount, Canadian whisky forms the largest item. "WET GOODS" IN DEMAND.

In the past year Uncle Sam has purhased \$243,476 03 worth of "Canadian wet goods," through the port of Windsor. The duty paid to the United States Government on this quantity of whisky amounts to \$297,296.

Canadians continue to be attracted to the United States, as is shown by the number of people who have entered their household goods in the consul's office. Of course, the number entered does not by any means show the total number of families removing to the States as household goods valued under \$100 have not to be entered. Many people undervalue their goods to escape the consular fee, so that it is almost impossible to arrive at the correct number, but Consul Morris estimates the number at fully These people go all over the United States, many to farms, while others are attracted to the large business centers. New York and Chicago exchanges were closed on Saturday. They will reopen

LUMBER TRADE BOOMS. A business which promises to reach phenomenal proportions is the Can-adian lumber trade with the United States. The Saginaw Lumber and Salt Company, of Sandwich, has been cutting lumber for less than two months, but during that time the value of the output shipped to the United States amounts to \$38,363 87. The mill is not yet running at its full capacity, so that it is not easy to estimate the quantity of lumber which will be cut and sent to the States from the mill at Sandwich during the remainder of the present year.

RE POTATOES. Canadians have been driving a good ousiness with Uncle Sam in potatoes during the past quarter, the value of those shipped through Windsor being \$3,604 15. This is a new departure in the returns for this port, and the consul says that the scarcity of old potatoes in the United States accounts for the export of so many from Canada. The canning companies of Ontario have found the United States a good Petitions Have Been Filed in Adcustomer for tomatoes, and, during the past three months, \$8,880 30 worth of these goods have found their way

across the border. CALVES AND HOGS. Young calves have also been in great lemand by the Detroit butchers, and for three months they have purchased \$2.931 worth of them to supply the market. Canadians having hogs to have found a ready market in United States, and the value of the porkers entered at Windsor for export for the quarter totals \$7,800. Most of the hogs were shipped to Buffalo. The value of the fulminate of mercury entered at Windsor for the quarter is

\$4,354 31. Among the many articles entered for export is \$70,698 25 worth of old steel rails, which were shipped from Canada to the United States by the Mich, gan Central Railway.

Mother and Child Victims of a Lamp Explosion - Killed by Cars.

Pittsburg, Pa., July 7. - Henry Orni and seven children were poisoned Friday night by eating canned salmon at a family reunion at the home of Sam-uel A. Hilderbrand, in Reserve township. All of the victims are very sick, but will recover, except Martha, 10-year-old daughter of Mr. Hilderbrand. The girl is expected to die.

EVERY BONE BROKEN. Shelby, Ohio, July 7 .- An unknown tramp, aged 55 years, was killed here Saturday by a train. Every bone in his body was broken. Zack Keogh, of this city, states that when the clothes were searched \$200 in bills was found in the linings.

SKULL CRUSHED. Flint, Mich., July 7. — William Locker, aged 17, of Flushing, cele-ebrated the Fourth in Flint, and poarded the Grand Trunk freight for a free ride home early next morning. At a crossing trestle over the Pere Marquette tracks, Locker was hurled from the train, fell 30 feet, and struck the rails. His skull was crushed, and an arm and three ribs broken. Recovery doubtful.

TRAINMEN FATALLY HURT. Elk Rapids, Mich., July 7. - Engineer Pickett, of Traverse City, was killed and Fireman Edward Dwyer, of Grand Rapids, fatally wounded in a wreck on the Pere Marquette Rail-road at Williamsburg. They were on an engine hauling a special ex-cursion train. They had switched the cars on to a siding, and the itself was just passing engine from the main to the side track, when the Pestka flyer, running 45 miles an hour, crashed into it. The special engine's tender was thrown off the track, crushing the engine cab and killing Engineer Pickett. Fireman Dwyer jumped and sustained fatal injuries. In some way the throttle of the special engine was opened, and with the dead body of the engineer aboard the boiler and wheels, ran three and one-half miles to Bates before the steam gave out.

TEDDY, JUN., HURT. New York, July 7.—Theodore Roose-velt, Jun., had his forehead cut open y a piece of flying glass, while celebrating Independence Day at Oyster Bay. He had placed a firecracker in an old bottle, and after the explosion found his forhead bleeding from a deep gash. Bystanders rushed to his assistance, but he walked to his mother, who sat on the veranda, and asked her to bandage his wound. He soon resumed his merrymaking.

MOTHER AND CHILD BURNED. North Bay, Ont., July 7.-Mrs. E. daughter were burnel to neath at heir home, about twelve miles out in the country, and a little five-yearold boy is so badly burned that there is little hope of his recovery. THE PRESIDENT'S SON HURT DUSKY SUBJECTS OF THE KING

Princes From India Attract Great Attentiou-Crowds Gaze on Their Costly Attire.

London, July 6 .- Never did the streets of London present so cosmopolitan appearance as has been the case during the last week. The guests of the nation from the furthermost quarters of the earth have been exploring the empire's capital. Black, yellow and brown faces, surmounting gaudy, fantastic constumes are met with everywhere.

At the London hippodrome yesterday was to be heard muffled gibbering and a soft monotonous pattering of feet. Along the tiled corridor came a big, burly figure in a short, heavy blue coat, under which was suspended a kind of linen apron drawn close around the hips and reaching to the knee, while below-oh, prudish Londonwere a pair of ebony legs and huge, bare feet. After him came some twenty more, all smiling and chattering, and all similarly attired. Each of them was carrying a small rattan cane tucked under his right arm in the fashion popular with Tommies. Their hair stood upright like a stiff brush. While dark at the roots, it shaded off at the ends into a dark tan. These picturesque men were the Fiji police, come to London to do honor to their Emperor. OVERTOPPED LONDONERS.

In Piccadilly half an hour afterward was to be seen a body of three splendid native Indian soldiers in their picturesque turbans, or pugga-rees, and glittering buttons. With black, shifting eyes, they strode along like kings, and, to tell the truth, the average London man who walked near seemed ridiculously insignifi-These fighting men, devoid of cant. much that civilization is supposed to bestow, were superb in their indifference to the gaping crowds. There, have been little men from

Japan in top hats, frocked men with round button-like hats from China, skirted and coiffured men from Cey-lon, spectacled and much withered men from the remote Straits Settlement, milw looking, tawny complexioned Hindoos in snowy turbans, stout, black-frocked Bengalese with no head covering at all, and men from every British colony or dependence, as well as almost every other nation.

PRINCES FROM INDIA. These princes, however, have given London its greatest treat. Swathed in costly silks and satins, wearing beautiful turbans bedecked with priceless jewels, they have been the sensation for body of men been seen on horseback than a group of princes who rode behind the Prince of Wales on Wednesday, when he reviewed the military contingent from the Indian Empire, and rode through their stolid, impassive ranks. Only quick, stealthy glances betrayed the fact that they were alive and not auto-

These princes were seen to better advantage at the reception given in their honor by Earl and Countess Roberts on Thursday. The scene was brilliant, the dresses and jewels worn by the princes far outshining the lovely dresses and tiaras of the ladies present. A most delightful air of friendliness prevailed, rajahs conversing most willingly when possible with guests, among them many Anglo-Indians, renewing happy associations in that delightful land of India.

SIR PERTAB SINGH. The most impressive figure perhaps was that of Col. Sir Pertab Singh, in uniform of white, laced with gold cords, wearing a turquoise blue turban with a fawn aigrette.

The most impressive group certainly was that of the Maharajah of Jeypour, and his followers, whose velvet robes were gold-trimmed, and from whose turbans hung bunches of jewels. Their dignified bearing suggested sumething distinetly biblical.

The historic Maharajah Sindia of Givaliore wore a white frock, narrowly edged with red. His quaintly-shaped turban was red. His necklace of pearls were worth an emperor's ransom. There were four rows of big round pearls, some

Had Nervous Prostration

Was Very Thin, Weak, Nervou

and Run Down-Fully Restored by Using

There are few diseases more difficult o cure than nervous prostration. Before the discovery of Dr. Chase's Nerve Food doctors usually gave some stimulant to whip up the exhausted nerves and quicken the heart's action. Dr. Chase's Nerve Food acts in an entirely different way. It gradually and naturally creates new nerve force, and builds up your system. You can prove that it is benefiting you by keeping a

record of your weight while using it.

Mrs. S. W. West, Drayton, Wellington county, Ont., writes: "About two years ago I got terribly run down, and became a victim of nervous prostration. I had no appetite, seemed to lose interest and ambition, and could scarcely drag myself about. Hearing of good results from the use of Dr. Chase's Nerve Food, I used three boxes with great benefit. In a short time I gained eleven pounds, and as I was very thin when I began to use the remedy I was very proud of the increase of weight Then the following spring I became rather poorly, and they again built

me up, and gave me such a good appetite that I wanted to eat nearly half the time. I was so pleased with the cure the Nerve Food brought about that I recommended it to others, and they have told me of the benefits they had obtained from this preparation. You may use this testimonial in order that others may learn of the good there is in Dr. Chase's Nerve Food. Dr. Chase's Nerve Food is sold at 50 cents a box at all dealers, or Edman-

Conforming.

Foot soles are curved and soft.

Shoe soles are flat and hard! Breaking in new shoes invariably means shaping the foot soles to the shoe soles, till wear moulds the insoles to the

curves of the feet. The RESILIA is the only shoe which conforms to the shape of the foot sole immediately, from the first moment it is borne upon, and without any "breaking in."

It does this through the compressible nature of the resilient, elastic, cushion centre-sole, which is placed between the leather insole and outsole, instead of the usual scrap filling.

After this reception all the princes drove to the Lyceum Theater, where Irving received them, and the numerous company there can hardly have seen a more brilliant assemblage of famous people than that which came to shake hands with the chief English actor. Twin Brothers Meet Death at Durham While Bathing.

Three Chicago People Drowned at Benton Harbor, Mich.

Durham, Ont., July 7 .- A sad case of drowning occurred here yesterday. Twin brothers, named Gregson, from Lindsay, while bathing in the Saugeen River, near the driving park, at what is commonly known at Moffat's Hole, known. Their clothes were found on the bank at four o'clock. One of them was in the employ of the National Portland Cement Company, while the other worked on the section of the G. T. R. It is supposed that as one of them could not swim, he had got into this treacherous hole, and the other, in trying to save him, was dragged

down with him.

TWO MORE Springfield, Mass., July 7.-The bodies

of Minnie O'Hare and Chas. Browns, of this city, were recovered in the Agawam River Saturday night. Friends of the young couple reported to the police that they had gone out boating Friday and had not been heard from since. THREE BATHERS PERISH.

Benton Harbor, Mich., July 7 .- Rudolph Steffick and his wife and sister, all of Chicago, met their death by drowning while bathing Saturday evening at the Carl Tabor resort on St. Joseph River. The three were accompanied by John Thorpe, who is a member of the health department of Chicago. All went in bathing about 4 o'clock, and being unacquainted with the beach, suddenly dropped in deep water. Thorpe barely escaped death. too, having gone down the third time. The Tabor resort is situated about seven miles south of Benton Harbor but by the river is fully fifteen miles up the stream.

FOUR DROWNED. St. Paul, July 7 .- The casualties of the Fourth near the Twin Cities include four drownings and a large number of injuries from toy cannons and other explosives. While there were many trifling injuries in this city, 18

were seriously wounded by revolver

accidents, six suffered severely by pre-

more than an inch long and shaped in mature cracker explosions and six were laid up by toy cannons. Those drowned were: John Buckley, in St. Croix Lake, having fallen from the steamer Cyclone; D. Emerson, in Lake Calhoun; Paul F. Thompson, at Cedar Lake; Reber, in Fish Lake, near Osseo. All

four were residents of Minneapolis.

CANCER CURED WITHOUT

A Simple Constitutional Remedy for Cancers and Tumors Tha Will Not Harm the System of the Most Delicate.

Cancer sufferers would do well to beware of many remedies that are being advertised as cures for cancer. Some of these contain highly poisonous and dangerous drugs that frequently do more mischief than they do good. Our constitutional home treatment for cancers and tumors is purely vegetable, and while it destroys cancer germs and poisons completely, and rids the system of the dread disease, it will not harm the most delicate wo-

It not only cures cancer, but in addition, strengthens and builds up the system, weakened by disease, and restores the whole organism to a healthy and vigorous condition. Full particulars sent to anyone in plain sealed wrapper, on receipt of two stamps.

Economy Point, N. S., July 7 .- For over 25 years Mr. George S. McLaughlin, of this place, was an invalid through Lumbago. At times his back was so lame that he could not turn himself in bed, and the slightest cold or hard lifting would bring on an awful attack, which gave

him fearful pain. He commenced a treatment of Dodd's Kidney Pills, and in a short time all the pain left his back, and it became as stout and strong as ever, and since then he has had no return of the terrible Lumbago. He says:
"I believe Dodd's Kidney Pills will cure any case of Lame Back, for they helped me out, and nobody could have

it much worse than I had." It is stated as not impossible that some of the dust from the Martinique and St. Vincent eruptions may be carried through the air to these islands, as some of the desert sand was to Barry in January last, says the Cardiff (Wales) Western Mail.
