

Industrious Money

All the money deposited in the Savings Department of this Strong Old Bank is industrious. Night and day, it is working, earning more money for our depositors.

Whose fault is it if your money is lazy? Do not carry your money in your pocket or leave it in what you think is a safe place at home. It will never earn anything for you there—besides, you are liable to lose it or spend it carelessly.

Give your money a chance. Start it working for you. Open a Savings Account at any of our Branches, where your money will earn you more money.

REV. F. C. HARPER WAS INDUCTED

Chalmers Church Congregation Have Once Again a Good Shepherd.

A RECEPTION WAS HELD

Hillsdale Pastor Met His Flock for the First Time—A Formal Reception Next Week.

Friday night Rev. Frank C. Harper was inducted into the pastorate of Chalmers Presbyterian Church, which was left vacant upon the removal of Rev. Walter Moffatt, to Millbank. A large number of the members of this church were present at the ceremony that again gave them a leader and adviser. Rev. Mr. Harper comes to London with the well wishes of his former congregation at Hillsdale, and he will undoubtedly prove a brilliant addition to the ministry of London.

The service Friday night was presided over by Rev. Dr. Munro, of Arva, who is the moderator of the Presbytery of London. Dr. Munro also examined the new pastor in his beliefs, and upon the conclusion of the examination extended the right hand of fellowship. The sermon of the evening was delivered by Rev. N. H. McGillivray, of St. Thomas. Rev. Thomas Mitchell, of New St. James' Church, related to the congregation the various steps leading up to the induction of Rev. Mr. Harper last evening. Rev. Mr. Mitchell, in concluding his address, said that no man ever came to a more loyal congregation than that of Chalmers Church, and no church ever extended a more cordial welcome to a pastor than was extended to Rev. Mr. Harper.

A Lack of Men.
Rev. Mr. Mitchell also addressed the new pastor, and confined his address to advice that would be useful in his administration to his new congregation. The speaker regretted the lack of young men that enter the ministry, and said that the greatest reward possible was to have men, women and children to accept the Christian religion.

Rev. W. R. McIntosh, of King Street Church, addressed the congregation, and said that he had known Rev. Mr. Harper since their boyhood days, and that he was a man of great promise. If the congregation would assist the pastor he could not see why Chalmers Church would not greatly prosper. The success of a pastor depended

largely upon the assistance given him by his congregation.

Reception Held.
After the service last night an informal reception was held, at which Rev. Mr. Harper was introduced to many of his congregation by Rev. Thomas Mitchell, who has been moderator of the church during the period that they were without a pastor. A formal reception will be given him during next week. Rev. Mr. Harper will occupy his new pulpit tomorrow.

BURIAL OF MCCARTHY.
London, April 27.—The body of Justin McCarthy, the novelist and historian, and for many years member of parliament, who died at Folkestone on Wednesday, was buried in Hampstead Cemetery today. The procession to the grave was a long one, and included John Redmond, T. P. O'Connor, John Dillon and practically all the Nationalist members of parliament.

REV. F. C. HARPER.
The New Pastor of Chalmers Presbyterian Church, corner of Waterloo and Grey Streets.

AMERICAN FARMERS TO TAKE UP 15,000 ACRES IN W. ONTARIO

Straus Land Co. Preparing Land in Three Counties at Present.

25 FAMILIES COME HERE THIS SPRING

Enormous Labor Necessary to Drain, Fence and Prepare the Soil.

To the Editor of The Advertiser:
We are in receipt of your letter of the 16th inst., also papers which had been sent by you to us some time ago.

In answer to your inquiry as to the number of settlers that we have brought or propose to bring to Ontario, we say that during the spring of 1912 there were about 25 American families moved into the counties of Essex and Kent by reason of our operations in this section. It is very difficult for us to give you any idea as to about the number of families that we will bring into Ontario, as a percentage of the people to whom we sell land do not move on the farms themselves, but buy the same as an investment.

To Put People on 15,000 Acres.

We are the owners of about fifteen thousand acres of land in the counties of Kent, Essex and Lambton at this time, the majority of which in the course of a couple of years will be occupied by American families. You will understand that before we can induce our patrons to move to this land, it is necessary for us to have that part of the land which is not in cultivation, and which is in bush, cleared, logged, underbrushed, and made ready for the plow. In addition to this, it is necessary that we have the land thoroughly drained by tile, and that we improve the buildings to make them more modern than what they now are. We also have to have the farms surrounded by wire fences, all of which work we are now attempting to have done, which means the expending of a vast amount of money, as you can well realize. It is also necessary for us to have the majority of the ditches deepened and widened before they will give sufficient outlet for tilting purposes.

Skilled Labor Scarce.
One of the greatest obstacles that we have met up to the present time has been to secure competent labor in the way of carpenters, contractors and ditchers.

Hopeful that the information that we have given you here will be of some benefit, as we are always glad to co-operate with you, and if there is any further information we can give you kindly feel free to call upon us. Thanking you for the files that you sent us, we are, yours very truly,

Straus Land Corporation, Limited,
JEROME ACKERMAN, Vice-President.

Detroit, Mich., April 26.

PAID THE COSTS

Eight Young Men Mulcted for Fishing on Sunday.

Eight young men who were charged with fishing on Sunday, appeared before Justice Chittick Friday night and were allowed to go with a warning upon paying the costs. Several more will appear shortly, charged with the same offence.

David Stinson and James Kennedy, both of London Township, were arrested yesterday afternoon charged by Mrs. Johnson with malicious damage to property and assault upon her young son. They were remanded for a week by Justice Chittick, and this morning were allowed their freedom upon furnishing bail, and will appear on May 3 at 10 o'clock.

DROPPED DEAD.

Chatham, April 27.—Yesterday afternoon while riding on a wagon load of gravel he had helped to load a few minutes previously, James Sloan, of Tilbury, P. O'Connor, died suddenly of heart failure.

Don't Be a Fly On the Wheel, Says "Onlooker" to the Free Press

To the Editor of The Advertiser:

I notice the editorial reference in the London Free Press under heading "A Misdirected Campaign" to The Advertiser's "Stay in Ontario" campaign, and The Advertiser's reply under the heading, "Why Not Help?"

Mr. Editor, your question is well put. You have been carrying on a splendid educational campaign in calling attention to the great possibilities awaiting capital and labor in the agricultural sections of Ontario to keep the boys on the farm and draw others back to the land. The campaign was timely and has already produced a great awakening, and much good is bound to come from it.

If the Free Press has a surplus of energy it will do well "to help" pull on the "Stay in Ontario band wagon," and not be a fly on the wheel to impede its progress.

Petrolia, April 26.

ONLOOKER.

WESTERN ONTARIO CROP CONDITIONS

Fall Wheat Escaped With Comparatively Small Damage By Frost.

WARM RAINS NEEDED

In Some Districts Seeding is Well Under Way—Record Yields Expected in South.

Reports from Western Ontario as to the present condition of the crops and the outlook for the harvest may vary widely, west of London conditions seem to be much more favorable than in other districts, and the farmers have been able to get on the land for some days, and in many districts a lot of the seeding is done.

Reports in general indicate that the fall wheat is in much better shape than was at first thought. Except in spots where ice laid on the ground for some days and killed the wheat, comparatively little damage has been done. Everywhere farmers are expressing the hope that a warm rain will come, followed by a few days of seasonable weather. This, they say, will be of untold value to them, and will do everything a good start and get the land in good shape for working.

From all through the northern districts reports indicate that the fall wheat is in good shape, and the indications are, if the weather is favorable from now on, that the crop will be above the average.

IN WEST MIDDLESEX.
Stratford, April 27.—Spring work is well under way in this vicinity and farmers are very busy. Seeding is progressing rapidly, and a great deal of work on the land has been completed. An increased acreage of garden produce for the coming fall will be put in this year. Everything looks good for a fine yield.

EXPECT RECORD YEAR.
[Special to The Advertiser.]
Ridgeway, April 27.—The greatest out-put in the history of this district is looked for this year. Canning companies are arranging for large areas and farmers are very busy with their plantings. In many districts large quantities of tobacco will be grown and it is predicted that the yield of tomatoes and cucumbers will break all records.

ARTICLES FOR SALE.

FOR SALE—GENERAL PURPOSE mare and a heavy colt. Apply 1011 Dundas street south.

HOUSEHOLD FURNITURE, HAPPY Thought range, ice box, kitchen, dining-room, bedroom furniture, etc., etc., 10 to 12, afternoon, 3 to 6, evening, 7 to 10, at 505 Dundas street.

FIFTY 40-GALLON HARDWOOD BARRELS, 75c each; 50 20-gallon kegs, 25c each. Apply Gorman-Eckert Company, Rectory street.

this section report the wheat crop to have wintered splendidly, very little having been injured. The spring frosts are doing considerable damage, and if the growth does not soon start, the wheat will have a very poor chance.

A BACKWARD SEASON.
[Special to The Advertiser.]
Kincardine, April 27.—So far this season in this district has been very backward. In spots a good deal of damage was done to wheat, but a fair harvest is looked for from present indications the wheat is in good shape. Very little work on the land has been done yet. There is a good outlook for peaches this year, but apples, pears, cherries and plums appear undiminished by the very severe winter, and there is every prospect of a bountiful crop.

ARE GETTING EXasperATED.
[Special to The Advertiser.]
Dawn Valley, April 27.—Farmers in Dawn are becoming exasperated at the delay they are forced to endure in getting at their seedling, owing to the weather conditions. The land in many places is absolutely unfit for working.

WHEAT LOOKS WELL.
[Special to The Advertiser.]
Allis, April 27.—Conditions are quite favorable in this district. A fair amount of work has been done and farmers are looking for a very busy time in the next few days. Seeding is well under way in many districts and fall wheat looks well.

AROUND FERGUS.
[Special to The Advertiser.]
Fergus, April 27.—There is very little fall wheat grown in this vicinity, but what there is has wintered well. Where it was well covered with snow it shows a vigorous growth, and is a good omen, and the indications are, if the weather is favorable from now on, that the crop will be above the average.

IN WEST MIDDLESEX.
[Special to The Advertiser.]
Stratford, April 27.—Spring work is well under way in this vicinity and farmers are very busy. Seeding is progressing rapidly, and a great deal of work on the land has been completed. An increased acreage of garden produce for the coming fall will be put in this year. Everything looks good for a fine yield.
