Maple Leaf and Bread, which are said to be more closely associated than formerly, moved up on apparently logical grounds. The annual meeting of Maple Leaf is approaching, and the report was in general circulation that, despite the period of depression, its financial statement would again be a good one, probably comparing well with last year. There was little stock to be had, and the price rose in the forenoon to 13412. a gain of 6½ points. Canada Bread rose to 24½, but closed at 24, with a gain of 5½ points. The talk on Bread is that the company has made important extensions out of earnings, and that the position of the common stock should be that much better. There is also the

ISSUES IRREGULAR

Strong at Middle of Session, 6100 W. L. 1925. But Heavy as Close Approaches.

NEW YORK, May 13.—Stocks were irregular at the outset of today's session, firm to strong during the inter-mediate period, and heavy at the close, when realizing sales virtually wiped ou 1 to 3-point gains made by various speculative favorites. Steels, oils, motors, leathers, utilities

and several of the popular miscellaneous specialties were prominent on the constructive side, while tobaccos, shippings and some of the transportations developed more reactionary These gained the upper hand in the final hour. The total sales of stocks amounted to \$25,000 shares.

Lower money rates, the stronger posi tion of the Federal Reserve Banks, and the decision of the Federal Reserve AND NIGHT CLASSES Board to extend acceptances of import and export bills to six months, were among the factors which gave impetus
