BRITISH COLLEGIANS DEFEATED BY YANKS, FIGHT EVENTS TO TWO

IX RECORDS BROKEN

Feet Marked by Fine Quality of Sportsmanship.

Cambridge, Mass., July 24.—A new world's record for the running broad jump—25 feet 3 inches, by E. O. Guouard of Harvard—was developed yesterday in the international track and field meet which the Yale-Harvard combination won from the Oxford-Cambridge teams in eight events to two. In all, six records

During the afternoon, the five others being previous marks at these games, one of which had stood for almost a quarter of a century. In another event, the 120-yard high hurdles, the record

Goudard, a negro, was the outstanding star. He flashed to the fore in the first event of the day, winning the 100-yard dash in which the British captain, C. G. D. Rudd, had entered in an unsuccessful effort to add to his team's potential strength. It was a hard race, with H. M. Abrahams of Cambridge so close at the finish that many thought he had won.

rather than any jump ever credited to man, the best record of which there has been note being that of 24 feet 11 $\frac{3}{4}$ inches, made 22 years ago at Dublin, Ireland, by Peter O'Connor.

Gouardin was the only double winner, but in Captain Rudd of the British team and C. D. Krogness of Harvard the large crowd found other athletes of high

multitude and manifold activity. Rudolph failed in his attempt to win three events, but he made a new record of 48 seconds for the 440-yard run, and lost the half-mile run to the elongated Tommy Campbell of Yale only after a fight that furnished the best race of the day. Krogness equalled the Harvard mile and the international series record of 15 2-5 seconds in the hurdles, won second place in the high jump after it appeared that he was out of the competition at a low height, and gained third place in the broad jump. The mile and two-mile runs were decided after incidents in which leading com-

titors were forced to stop. In the mile run, won by H. B. Stallard of Cambridge, Capt. D. F. O'Connell of Harvard was incapacitated when the Cambridge star kicked him accidentally while passing. After winning, Stallard went to Referee Kerby and reported the accident, saying it was unintentional and that he was extremely sorry.

There was no consideration of the matter as a foul, officials said.

In the two-mile run the British runners lost their chances of winning in the weakness and ultimate collapse of Noel A. McInnes, their long-distance star. M. K. Douglas, a freshman at Yale, won impressively, although not in record time.

The British athletes' chances were minimized at the beginning of the pro-

ran when, after Gouardin raced away with the 100-yard dash, J. Fiske Brown, his Harvard team-mate, won the hammer throw with a record heave after J. C. Nokes, the Oxford star, and the favorite, had himself bettered the old record. The meeting was marked by a fine record.

RICKARD IS SUMMONED.
New York, July 25.—Tex Rickard, promoter of the July 2 fight between Dempsey and Georges Carpentier

Jersey City, and F. C. Quimby, motion picture producer, were summoned to appear before the federal grand jury today to testify concerning the alleged transportation of movies of the fight to this state from New Jersey in violation of the federal law.

Mr. Rickard has declared he knows nothing of the transportation of the pictures or of plans to show them here.

Quimby also has denied any part in their transportation, though admitting plans to exhibit them. His contention is that the federal law prohibiting interstate transportation of pictures of prize fight does not apply to the Dempsey-Carpentier bout, as that historic sporting event was a boxing match and not a prize fight.

Several hundred persons attracted by advertisements and electric signs atop a theatre, announcing first showing of the light pictures last night, found
