## MEYER BRENNER BLAMES NOBODY

Turns Back On Toronto To  
Begin Seven-Year Term in  
Kingston Jail.

### WILL SEEK NEW TRIAL

Believes He "Would Have  
Beaten Game" If He Had  
"Hung On."

TORONTO, April 5.—"I have nobody to blame but myself for getting into this jam," was the startling but candid statement of Meyer Brenner, wealthy young sportsman and race-horse owner, at the Toronto Union station this morning just before he left for Kingston Penitentiary.

Brenner turned his back on Toronto to start his seven-year term in Kingston, following his conviction for the theft and fraud of \$750,000 from N. Brenner & Co., of which he was the president.

He was in open custody. He was neither handcuffed nor did he wear leg irons. He was in charge of Deputy Sheriff Arthur Severs and Major G. Hedley Basher, governor at the jail.

Frank Lawson, recently sentenced to a three to a four-year term for embezzling \$10,000, was also in the party.

Cheerful and jaunty.

Brenner was quite jaunty, cheerful and chatty, and puffed away at an enormous cigar as he talked.

Discussing his plight, he admitted he was the victim of his own panic.

"Your friends say you were assigned without consulting your directors," said a reporter. "And they are right, too," shot back Brenner. "If I had hung on I would not have been in the game and would not be where I am today."

"Are you going to ask for a stated case?" "Yes—my family have talked the matter over, and it has been decided to apply to the courts for a new trial. I hope to get it and prove my innocence and be a free man. Let me tell you I will not be in Kingston long."

"Did you get a fair trial?" "No, or we would not be applying for a stated case."

"Your friends say you should not have made the assignment?" "I realize that now," Meyer said—and stated it was made on the strength of representations from New York bankers.

To Win King's Plate.

"What are you going to do with your race horses?" the prisoner was then asked. "I am going to win the king's plate," he replied with a laugh.

"How many horses have you in your string?" "I cannot tell off-hand. I have not had the time for the past few months to bother about horses," he said.

"Are you going to make restitution?"

"Why," he answered with some surprise. "I did not steal anything."

"Good-by, boys, good-by," he said, as he stepped to the door of the train. Here an amusing incident happened. The trainman was checking up the passengers as they climbed the steps. "Where to?" he asked Brenner, as he held him up momentarily. "To Kingston," replied Brenner.

At the jail Brenner stated he was given good treatment by Governor Basher and staff. He said good-by to his wife and two children, Gladys and Alfred, yesterday.

## PIMPLES ON FACE DIDN'T LIKE TO GO OUT

Those nasty little pimples that break out on the face and other parts of the body are simply indications that the blood is out of order and requires purifying.

There is only one way to get rid of this obnoxious skin trouble, and that is by giving the blood a thorough cleansing which can best be done by that old reliable blood medicine.

**BURDOCK BLOOD BITTERS.**

and when the blood is purified the pimples will vanish and you will have a clear, healthy complexion.

Miss Mary E. Flanagan, R. R. No. 3, Stella, Ont., writes: "I suffered for about two years with pimples and blotches breaking out on my face. The doctor said it was caused by bad blood. My face was so bad I didn't like to go out among a crowd of people. One day I was talking to a friend and he advised me to get a bottle of Burdock Blood Bitters and try it. I just took three bottles, and there was not a blotch or pimple of any kind left. Some of my friends asked me what I had used and I said: 'Burdock Blood Bitters' classed them."

B. B. B. has been on the market for the past 45 years, so you are not experimenting with some new and untried remedy.

## WORLD NEWS CUT SHORT

WARSAW, April 5.—It is announced that the Polish government has decided to open the state-owned oil fields in Southern Poland to private exploitation. Before the war the production of these fields was more than 1,000,000 tons annually.

GENEVA, April 5.—The United States government is unable to sign the white slave convention drawn up by the last assembly of the league of nations, as it conflicts with the police regulations of certain states in the union. Secretary of State Hughes has notified the league secretary here.

The American government, however, is in full sympathy with the object of the convention, and congress has passed laws to the same end. Mr. Hughes points out.

PARIS, April 5.—Professor Albert Einstein of the University of Berlin, who recently delivered his first lecture here under the auspices of the College of France, and had a notable reception, cancelled an engagement to attend the session of the Academy of Sciences yesterday in order to avoid a hostile manifestation.

Some of the members of the academy had decided as a protest against his presence to rise and leave the hall as soon as he entered.

CHICAGO, April 5.—A price of \$101 a mile for kisses was set yesterday by Judge Morgan after Miss Alice Jones refused to apologize to Mrs. Isabelle Matteson, wife of Gerald Matteson, for the mile-long kiss the wife said she saw her husband give Miss Jones.

The two were arrested on complaint of Mrs. Matteson, who told the police she had followed the taxi-cab in which they were riding and watched her husband for a mile without a break.

The judge divided the fine by assessing the "kisser" \$100. The "kissed" was charged the other \$1.

RIGA, April 5.—"Premier Lenin of Soviet Russia, is sick, but not seriously so," said Dr. Felix Klemperer, the Berlin specialist, upon his arrival here from Moscow, where he was called recently to diagnose Lenin's malady.

MADRID, April 5.—"As dean of the sovereigns and great emperors of the world," said King Alfonso in a telegram sent to Pope Pius immediately he learned of the death of the former Austro-Hungarian ruler. "I take the liberty to request your holiness to use your authority to bring peace to the world in order to furnish his widow and children with the necessary means of existence, taking into account the condition of the widow, which the most elementary principles of humanity respect and protect."

## TURKS ACCEPT ARMISTICE PACT

Allied Powers Representatives  
Notified of Acceptance of  
Agreement; Reservations.

### DESIGNED TO END WAR

Evacuation of Anatolia To  
Proceed Under Supervision  
of Allies.

CONSTANTINOPLE, April 5.—The Turkish Nationalist government at Ankara has accepted, with reservations, the armistice propositions recently made by the Allies, the allied powers' representatives here have been informed.

The broad principles laid down in the reply are as follows:

Anatolia, including Smyrna, must be evacuated within four months.

The armistice may be renewed an additional three months if the peace negotiations have not been terminated.

The Greeks to evacuate the Esdi Shehr-Afium-Kahramanli-Kutaila line within a fortnight, and the evacuation of the rest of Anatolia to proceed under the supervision of allied officers.

In the event the reply is accepted, the Kemalists delegates are ready to meet those of the Allies and Greece in three weeks to discuss peace.

The armistice proposition of the Allies, made late in March as a result of the meeting of the allied foreign ministers at Paris, was designed to bring to an end the fighting between the Turkish Nationalists and the Greeks in Asia Minor pending the consideration of peace terms, a draft of which was later submitted to the parties involved. It was announced on March 23 that the Greek government had accepted the armistice proposal with technical reservations as to military conditions.

Why not extend compensation to the agricultural classes, asked the speaker. Insurance companies desire agricultural labor as an extra hazard risk. At any rate, for himself he wanted the farmer to put himself under the same laws he imposed on other people. Personally, he did not want to be oppressed by class laws and taxed just because he had his hands to the plow.

In the creation of the workmen's compensation board it was solemnly agreed by the manufacturers, by labor and by the government that it should be a judicial body with no appeal. The government had made a great mistake, he said, by making a class appointment to the board.

TO ASSIST HAPSBURGS

PARIS, April 5.—The council of ambassadors today took up the question of providing for the family of Emperor Charles of Austria-Hungary, who died in exile in Madeira last Saturday. The allies are ready to contribute to the support of the family, but some of the countries that benefited by parts of the 20 fortune of the Hapsburgs, including Czechoslovakia and Yugoslavia, are declared to have refused to release for this purpose any part of the property of the imperial family that was handed over to them.

The ambassadors postponed a decision of the question pending further negotiations.

AN IDEAL REMEDY  
FOR SPRING ILLS

Weak, Run Down People Should  
Try Dr. Williams' Pink Pills.

Do you find it hard these spring days to apply yourself to your work? Do you feel tired, without ambition or energy? These are the symptoms of a condition which our grandfathers used to meet each spring with a medical tonic, and medical practice today supports their wisdom. During the winter months the blood frequently becomes weak and thin, especially in those whose work keeps them indoors most of the time.

Weak blood frequently causes indigestion, lack of appetite, sleeplessness, and a constantly tired feeling. Sometimes there are headaches or a feeling of nervousness, or there may be unsightly pimples or blotches on the skin. Any of these indicate that the blood is out of condition, and any improvement in the condition of the blood improves the general health. The right tonic to improve the blood is shown by the statement of Miss L. Evelyn Brown, Milltown, N. B., who says: "I can say for myself that I was greatly benefited by taking Dr. Williams' Pink Pills. My work keeps me indoors many hours in the day and many days in the year. When feeling exhausted and tired out from long hours and hard work, Dr. Williams' Pink Pills make me feel entirely made over. For several years I have taken them in the spring and find they are the only medicine I need to keep me in good health. I believe every girl and woman would find her blood better and nerves stronger by using Dr. Williams' Pink Pills."

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.—Advt.

With the use of a delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package.—Advt.

ACCEPTS NEW POST.

LONDON, England, April 5.—Lord Bordenhead, who, as lord chancellor of England receives £10,000 a year, has undertaken another post, though not quite so lucrative. He has succeeded the late Lord Halsbury as high steward of the University of Oxford at a salary of £5 a year.

There are no duties now attaching to the office, but a few centuries ago one of his tasks would have been to try scholars for treason.

DIES IN VANCOUVER.

LINDSAY, Ont., April 5.—Word has been received from Vancouver of the sudden death of J. V. McNulty. The deceased was a well-known journalist, having been editor of the Lindsay Post for a number of years previous to moving West.

ASK RECIPROCAL  
TRADE RELATIONS

CALGARY, April 5.—At the annual meeting of the Alberta Cattle Breeders' held in Calgary yesterday, resolutions were passed, urging the Dominion government to open negotiations with the United States for reciprocal trade relations in livestock and livestock products and to continue to press for the removal of the British embargo against the entry of Canadian cattle.

They especially ask that, pending the removal of the embargo, arrangements be made for shipment of Canadian cattle for slaughter to interior points in Great Britain under a permit system, thus making it possible to have Canadian beef offered to the British consumer as fresh killed beef.

ACCIDENTS INCREASING

REGARDS PAYMENTS BY EMPLOYERS  
ALONE AS WRONG IN  
PRINCIPLE.

TORONTO, April 5.—At the closing session of the joint safety convention here today, John R. Shaw of Woodstock, first vice-president of the Canadian Manufacturers' Association, gave an address on "Accident prevention from the point of view of the employers," who, he said, represented 3,500 industries in Canada. He stated that the Manufacturers' Association was in entire sympathy with the workmen's compensation act.

Payments by the employers alone, he thought wrong in principle; the workers should be taxed in part. It would give the worker a direct interest in the administration of the funds. He did not make the direct charge that the workers were malingering, but as there were rogues and scamps in all classes, so with the workers, and if they were paying part of the charges they would see that their less scrupulous fellows did not make loads on the funds.

Mr. Shaw quoted the increased number of accidents in 1919 and 1920, coincident with the increased compensation to indicate that the increased compensation had been responsible for the increased accidents. Personally, he was in favor of increased compensation to 75 per cent, provided the workmen would contribute 20 per cent of the rates charged. It would prove a saving to everybody if this was done, he said.
