The only case of any importance in the without police court, yesterday, was that of Arthur Fox, charged by his wife with choking her, and threatening to take her life. The pro-secution was represented by Mr. E. E. Wootton, and the defence by Mr. D. M. Everts. Mrs. Fox was the principal wit-phone a ness. She said that the marriage took place in May last, and within two weeks she and her husband commenced quarrelling. The assault particularly complained of took The assault particularly complained of took place on August 1st, when her husband seized her by the throat and tried to throw her down stairs. Not being a powerful mar, he was unsuccessful. On another occasion, he attempted to assault her with a carving knife. She admitted that she had gone into the Nickel Plate saloon, of which Fox is the proprietor, and smashed things about, as she explained it, to get even with him for destroying her clothes. Mrs. Tanner gave corroborative evidence in re-gard to the choking incident, and Fox was bound over in two sureties, of \$1,000 each, to appear for trial at the next court of com petent jurisdiction. petent jurisdiction.
