MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt dispatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.

THEY CONFESS THEIR WEAKNESS

Opponents of Prohibition Have No Reasonable Arguments to Offer.

No stronger argument for prohibition could be found than the advertisements issued by its opponents. There are only two real reasons for opposition to prohibition; one is the make money in the traffic and the other is the desire for self-indulgence. These reasons are not advanced by the "wet" forces; they are kept in the background, while wild and intemperate statements are made in an effort to discredit the prohibition act and to claim for liquor values and benefits which it does not possess.

The evidence of scientists is so conclusive that no one nowadays makes any serious claim that the use of alcohol in any form is beneficial to a healthy person, and medicine has provided other remedies for the ill. Business men and manufacturers are opposed to the use of alcohol because it destroys efficiency; the railroad will not tolerate it. Lives ruined by drink are its chief product. No thinking man or woman want to return to conditions as they were before prohibition was introduced and every parent realizes that the future welfare of his or her children would be imperiled by a backward step.

The present act may have its defects, but it is an honest effort to overcome much greater evils and it can and will be strengthened and improved if the people of the province show by their votes on July 10th that this is their desire. Every citizen who faces the issue honestly and conscientiously must vote for prohibition and against the sale of beer and wines.

DONALD FRASER ON PROHIBITION

Tells Why Every Workingman And His Wife Should Vote For Prohibition.

ONE of the reasons why I will vote for Prohibition is because fourteen years ago, I resolved that I would do what I could to help the working men to get home to their wives and children with their wages. Since the sale of liquor for beverage purposes has been prohibited, workmen can travel anywhere with the minimum of temptation and many illustrations could be given of how many benefits have accrued to the women and children.

The railway trains are orderly also, public gatherings have changed for the better. These changes were brought about by the people who want votes for prohibition and against beer and wine on July 10th. The same forces opposed in 1916 and previous years as are opposing prohibition today.

My slogan is VOTE EARLY for PROHIBITION and against beer and wine, and work all day bringing other voters to the poll, and you will never do a greater day's work for yourself and for future generations.

DONALD FRASER.

IRISH LEADERS ARE QUARRELLING

De Valera Charged With Diverting Money from Irish Cause—A Counter Charge.

New York, June 19.—The break between Eamon De Valera, self-styled "president of the Irish republic," and Supreme Court Justice Daniel F. Cohalan, head of the Friends of Irish Freedom, reached formal status last night at an executive session at the National Council of the Friends. No conclusion was reached, but it was said that the bed-plates were laid of a final test of strength.

The charges made by John De Voyer that De Valera and his present advisers had used at Chicago \$500,000 of the money subscribed for Irish loan bonds, and intended for use in Ireland only, were counterbalanced yesterday by accusations that Justice Cohalan had attempted to drive De Valera from the United States. These accusations were made in the Monitor, official organ of the Roman Catholic church in New Jersey, by the Rev. W. P. Cantwell of Newark, its editor, in a leading editorial, captioned "Despicable Treachery in a Holy Cause."
