TORONTO CENTRAL PRO-PERTY is most effectually de-preciated in value by being hawked about by every Tom, Dick and Harry. We find that large capitalists profer investing in something that is fresh and has snap in it. Stale, mouldy stuff that has been peddled about the market they don't care for. Owners of good property will always command a readier and better price by entrusting it to one agont only. R. J. GRIFFITH & CO.,

llowing property submitted by J.B. constead & Co. is only a specimen of hers of a similar character our lents have the choice of. From our siness association we often get operty that we can place at much as than its normal value, and our lends are beginning to find this out.

FORT ROUILLE Property has long since been planted with Candada's national tree and owners will soon realize from the forethought of the original owners. When the King-street subway is completed and the street cars running this beautiful property will jump at to 100 per cent, over the price it can now be bought for and the investor of to-day will double his money. The wise should take the hint.

BRESCETON ADDITION—In this beautiful section of our city we have single lots, blocks of lots and a few undivided properties that will yield gued profits to investors. This is all level, beautiful had, within easy access of street cars and the suburban rallway stations. We can place investments of from \$100 to \$10,000 that will well repay the outlay.

EAST OF THE DOT. Last wook we offered thirty acres on Woodbine-avenue north of Danforthavenue. This week we can only offer two ten-acre lots, one being sold. As bulk has been broken we can sell balance in single ten-acre lots, and the best one to first comer. Remember 10 acres having frontage on Woodbine-avenue and Cronynavenue for \$7000, only \$2000 of which need be cash. A fortune in this lot alone if held a few years, or if cut up into lots and placed on the market now.

MIMMCO— The surveyors for the new railway have been at work recently and it is only a question of time for investors in this new Parkdale to reap a rich harvest, Remember we have the very choicest lots and blocks of lots in this embryo town— ALL SOUTH OF THE TRACK. We handle nothing north, as everything points to development between the present railway and the lake store,

FOR

sowe of the cheapest property in the suburbs to-day we invite attention to Windomero or the Bolt Works realty, 500 feet, Elizabeth-street, a little south of Bloor, by the block 37 per foot; the water mains are already laid on this street, Park-road, Windomere-road, Grenadis-road 36 to 310. We can also place some lots in this property by the single lot at \$25 cash and balance on easy terms.
