FENCING
CHEAP AND DURABLE.

E. C. JONES'
Patent Iron Fence Post.
(Patented Oct. 29th, 1884.)

The attention of the public is called to
E. C. Jones' Patent Iron Fence
Post and Gates, they having met with
universal approval wherever tried.

Some of the advantages of this
fence are its great durability and
strength; it will not cause snow to
drift; is much cheaper than wooden
fences; fire and wind proof; takes
less time to build, and gives thorough
satisfaction when done.

SEE TESTIMONIALS:

JOHN GAGE, ESQ., 200 rods of this fencing, has ordered
400 more for this spring. **THOMAS BARNES, ESQ.,** 150 rods
last season; 50 more ordered for this spring.

Mr. E. C. JONES, BARTONVILLE, Dec 1, 1884.
DEAR SIR, I am pleased to be able to state that I like your
Patent Iron Fence Post very much, and think it just what we
require, and much cheaper than wooden fence, or any other
fence that I know anything about.
Yours etc., (signed) **JOHN GAGE**

HAMILTON, ONTARIO, Dec. 20, 1884.

This is to certify that I have used Mr. Jones' Iron Post in
about one hundred and fifty rods of fencing built this season,
and am well pleased with the appearance; think it the post
for time to come.
(signed) **THOMAS BARNES.**

Mr. E. C. JONES, HAMILTON, February 4, 1885.
