Children's Day.

What Meaneth This?

Please examine this diagram carefully. We have in round numbers 7,200 Sunday-schools. Each square represents 100 schools. There are 72 squares, representing 7,200 schools. The black squares represent the schools that did not observe Children's Day, last year, the white squares those that did.

There are 23 white squares, and 49 black ones; that is, 2,300 contributing Sunday-schools, 4,900 non-contributing. Let us change all the black squares to white ones this year. It ought to be done. What the Sunday schools do now is a prophecy of what the churches will be doing in the future. The schools ought to help this great cause quite as much for their own good and that of the church at home, as for the sake of the lost abroad. Let every friend of the children and of world-wide missions be in haste to transfer the schools represented by the black squares to those represented by the white ones.

This diagram and these figures mean that we are not giving enough attention to Heathen Missions in our Sunday-schools. But all the signs point to a larger interest this year in Children's Day. Many schools will raise more than ever before. Ask the children to save or gather \$1 each, and many will do it.

We ask the preachers to announce Children's Day from the pulpits, and co-operate with the superintendent and teachers in making it a great day.

Cured of Asthma.

HOW A YOUNG LADY IN TORONTO WAS RESTORED TO HEALTH.

She Suffered for Years from this Distressing Complaint and on Occasions was Confined to her Room for Weeks—Her Father tells How She was Cured. From Brockville Recorder.

Mr. Reuben Barber, architect, of the city of Toronto, at one time a resident of Merrickville, has been visiting old friends and relatives in and around the village recently. While chatting with the Recorder correspondent, the recent wonderful cures in the vicinity through the use of Dr. Williams' Pink Pills came up, when Mr. Barber said he had an experience in his own family quite as remarkable. Asked if he would give the particulars, Mr. Barber said that some seven years ago while living in Mount Forest, his daughter took a severe cold which developed into asthma. At first she would be confined to her room for days and to see her struggling for breath one would think she could not possibly live an hour. As she grew older the asthmatic spasms became more frequent and of longer duration. Sometimes she would be unable to leave her room for weeks, and then she would rally and be better for a short time. After we moved to Toronto she was put under the care of one of the best doctors in the city. At first his treatment seemed to help her, but after a few months she became as bad as ever and the medicine did not appear to do her the slightest good. We had now fully made up our minds that the trouble was incurable. We had read so much of Dr. Williams' Pink Pills, that we determined to give them a trial, really looking upon them as a sort of forlorn hope. My daughter began taking the Pills and continued the treatment for about six months, when she found herself entirely free from the distressing disease. Seven months have now passed since she took the last box, and she has never had the slightest spasm or return of the trouble. "She is now the picture of health," says Mr. Barber, "and we give the entire credit to Dr. Williams' Pink Pills, and lose no opportunity of sounding the praises of this great medicine."

These pills are a positive cure for all troubles arising from a vitiated condition of the blood or a shattered nervous system. Sold by all dealers or by mail, from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y., at 50 cents a box or six boxes for \$2.50. There are numerous imitations and substitutions against which the public is cautioned.
