THE COLLEGIATE YEAR in this Institution consists of **A REGULAR AUTUMN AND WINTER SESSION**, a special **SESSION FOR PRACTITIONERS**, and a **SPRING SESSION**. **THE REGULAR SESSION** begins September 28, 1880, and closes March 22, 1881.

This College was the first in the United States to adopt a graded system of instruction. All applicants for admission must possess at least a good English education, and present full evidence of the same. If an applicant has received the degree of A. B., or presents a certificate from some reputable Scientific School, High School, or Academy, no matriculation examination will be required; otherwise he must sustain a satisfactory examination before a Committee of the Faculty. The students are divided into **JUNIOR, MIDDLE and SENIOR CLASSES**, instructions being given simultaneously in different lecture rooms. All students are advised to pursue the three years graded course, but if students so elect, they can enter the middle course if they have studied medicine for one year previously, and can sustain a satisfactory examination upon the studies embraced in the Junior Course.

THE CLINICAL ADVANTAGES OF THIS COLLEGE, with the great number of **DISPENSARY, COLLEGE CLINIC, AN HOSPITAL PATIENTS**, cannot be surpassed. All professors of practical branches are members of the staff of **Mercy or Cook County Hospital**, or other charities. Students receive instruction, by the Faculty or Assistants, *without extra charge*, in those special branches which in some Institutions are considered as the perquisites of private teachers, for which additional fees are required (such as **GYNECOLOGY, OPHTHALMOLOGY, OTOTOLOGY, LARYNGOLOGY, PHYSICAL DIAGNOSIS**, etc.) For several sessions each senior student has had the privilege of attending upon one or more obstetrical cases, and of witnessing important obstetrical operations.

It is the aim of the Faculty to make all instruction in this College pre-eminently practical.

THE PRACTITIONERS COURSE, designed for Practicing Physicians only, was inaugurated last year. It has proven so satisfactory to all concerned that it will be continued and constitute a portion of each Collegiate year. This course will begin the day following the public Commencement exercises, and continue for four weeks, affording, by means of didactic and daily clinical instruction, special advantages to physicians for a rapid, yet thorough, practical review of the most important subjects in Medicine and Surgery. **THE SPRING SESSION** consists of Recitations, Laboratory and Dispensary work, and Clinical and Didactic Lectures, beginning April 21, 1881, and closing June 1, 1881.

Fees for Collegiate Year, (except Practitioners' Course), **\$75**. Registration Fee, **\$5**. Demonstrator's Ticket, **\$5**. Laboratory Ticket, **\$5**. Mercy Hospital Ticket, **\$6**. Final Examination Fee, **\$30**. For Practitioners' Course, including Laboratory, Anatomical and Hospital Tickets, **\$30**.
