ONTARIO OPTICAL INSTITUTE

Classes in Optics and Refraction commence on the second Tuesday
of each month.

The teaching embraces everything necessary for an optician to intelligently and
satisfactorily fit spectacles.
Students are welcome to remain until they have grasped the necessary information--
and to those passing the examination a handsome diploma is presented gratis.

We claim the only thorough course given in Canada and at least equal to
any in America.

The Ontario Optical Institute Diploma is always an evidence of the
ability of its possessor to do his work properly.

For further information and recommendations from former students apply to

DR. W. E. HAMILL, M.D.,
Specialist in Eye Diseases
Room 11, James' Building
King and Yonge Sts., TORONTO. PRINCIPAL.

Advanced and private students received at any time. See announcements
in former issues.
