
Rare Business Opportunity.

ONLY LIMITED CAPITAL REQUIRED.

TO any young man or woman in Canada, possessed of average intelligence, and having had a fairly good Common School education, an opportunity is here presented to lay the foundation of a successful commercial career. We can send you out into the world better equipped to earn a livelihood than can any other similar institution in the country. Hundreds, yes thousands, of bookkeepers and others to-day occupying responsible and lucrative situations, can look back with sincere satisfaction upon the time spent in this College.

Our system of teaching is founded upon approved business principles, so that the student while under our charge is one of the leading actors in a miniature business world. He is merchant and banker; he buys and sells; he makes money and he loses it—just as do his models of a larger growth. Book-keeping, Arithmetic, Penmanship, Shorthand, Typewriting, and Business Correspondence are thoroughly and practically taught by experienced teachers. Lectures on COMMERCIAL LAW, BANKING, AND BUSINESS CUSTOMS AND ETHICS, by prominent lawyers, business men and bankers, are important features of our curriculum. In short, there is sufficient of the actual business world introduced into our course of studies as to make the change from the College to the Counting House seem quite natural to the graduate.

The principal capital required for this "rare business opportunity" is average ability, and honest, earnest work while in the school room, for we have no patent process of making book keepers and accountants. Nor do we promise, as a bait, to find employment for our graduates. It has been our privilege to help many a young man and woman into what has proved important and remunerative positions of trust, and it shall continue to be our pleasure so to assist all worthy and competent students. But we guarantee nothing but a sound and practical business training.
