Dear Sirs,—

I have pleasure in saying that I am entirely satisfied with the manner in which you have filled our large order for pressed brick for Macdonald College. The flash bricks for facing the outside walls are eminently satisfactory in every respect. Men who have travelled widely have frequently mentioned to me that for a climate like ours the walls are the finest brick walls they have seen. For myself I concur in that opinion.

I am glad to say also that your deliveries, according to our needs, have been satisfactory.

Faithfully yours,

Brick similar to the above are being used in the Samuel & Benjamin Co.'s building, now in the course of erection at the corner of King Street and Spadina Avenue, Toronto, Burke & Horwood, Architects.
