

- (iv) The Council will base its work on the following documentation:

 - (b) A report, to be drawn up by the secretariat on its own responsibility, based on the information available to it and that provided by the contracting party or parties concerned. The secretariat should seek clarification from the contracting party or parties concerned of their trade policies and practices.
- (v) The reports by the contracting party under review and by the secretariat, together with the summary record of the respective meeting of the Council, will be published promptly after the review.
- (vi) These documents will be forwarded to the next regular Session of the CONTRACTING PARTIES, which will take note of them.

E. Implementation and Reappraisal of the Mechanism

The trade policy review mechanism will be implemented on a provisional basis from the date of the adoption of this Decision by the CONTRACTING PARTIES. In the light of the experience gained from its operation, the CONTRACTING PARTIES will review, and if necessary modify, these arrangements at the end of the Uruguay Round.

F. Overview of Developments in the International Trading Environment

Enhanced surveillance requires, in addition, an overview of developments in the international trading environment which are having an impact on the multilateral trading system. Such an overview should also be undertaken by the Council. It should be assisted by an annual report by the Director-General setting out major GATT activities and highlighting significant policy issues affecting the trading system. The enhanced surveillance thus provided would also strengthen the existing "early warning" aspect of the special meetings of the Council. It is understood that this overview by the Council, together with the trade policy review mechanism, would replace the existing reviews in special Council meetings established under paragraph 24 of the 1979 Understanding Regarding Notification, Consultation, Dispute Settlement and Surveillance.
