

- (b) to propose regulatory measures for fishing in the area of fisheries jurisdiction of a member of salmon originating in the rivers of other Parties; and
- (c) to make recommendations to the Council concerning the undertaking of scientific research.

ARTICLE 9

In exercising the functions set out in articles 7 and 8, a Commission shall take into account:

- (a) the best available information, including advice from the International Council for the Exploration of the Sea and other appropriate scientific organizations;
- (b) measures taken and other factors, both inside and outside the Commission area, that affect the salmon stocks concerned;
- (c) the efforts of States of origin to implement and enforce measures for the conservation, restoration, enhancement and rational management of salmon stocks in their rivers and areas of fisheries jurisdiction, including measures referred to in Article 15, paragraph 5 (b);
- (d) the extent to which the salmon stocks concerned feed in the areas of fisheries jurisdiction of the respective Parties;
- (e) the relative effects of harvesting salmon at different stages of their migration routes;
- (f) the contribution of Parties other than States of origin to the conservation of salmon stocks which migrate into their areas of fisheries jurisdiction by limiting their catches of such stocks or by other measures; and
- (g) the interests of communities which are particularly dependent on salmon fisheries.

ARTICLE 10
