Company/Product

Established in 1976, Conestoga-Rovers & Associates (CRA) is an consulting engineering firm which has its head office located in Waterloo, Ontario and Canadian branch offices in Toronto and Ottawa. Affiliate American offices are located in Niagara Falls and Wappingers Falls, New York; St. Paul, Minnesota; Chicago, Illinois; Atlanta, Georgia; and Detroit, Michigan. Services in waste treatment technologies are provided through the affiliated firm of TreaTek-CRA Company, Niagara Falls, New York. CRA's extensive expertise in environmental engineering has allowed the firm to execute environmental projects from the initial investigation, through remedial design and construction, to long-term management and monitoring.

CRA provides consulting services in civil/environmental engineering. These services include:

- hazardous waste handling, storage, and incineration;
- contaminated groundwater treatment;
- water supply, storage, and treatment;
- floodline mapping;
- stormwater management; and
- quality assurance programs.

Current Geographic Marketing Activities

CRA currently provides consulting services primarily to Canadian and American clients. Some projects have been completed in Belgium, Germany, and Brazil. The general market and associated industries served by CRA are pharmaceutical, chemical, petrochemical, automotive, steel, aerospace, and landfill operations.

Contact Sought

CRA would like to develop contacts with senior individuals of private and public sectors who are responsible for environmental operations.
