

# DYSPEPSIA

Symptoms of this disease are Dizziness, Headache, Constipation, Rising and Souring of Food, Palpitation, Loss of Appetite, etc. We guarantee Burdock Blood Bitters to cure Dyspepsia, or refund the money. It is a positive cure, having cured cases of 25 years' standing, which resisted all other treatment.

# THE LADY

Whose portrait we give, tells in the following letter what B. B. B. did in her case:

GENTLEMEN,—A Merry and a Happy Xmas to you, for I have to be thankful for my happiness this Xmas to your B. B. B. I suffered for a long time in England and this country from Dyspepsia, but thanks to your wonderful Blood Bitters, I am in perfect health to-day. In gratitude to it I never lose an opportunity to praise it, and shall, if possible, never be without it.

MRS. SARAH IRELAND,  
Bincarth, Man.
