

Bye-Laws passed at a General Meeting of the Stockholders of the Champlain and Saint Lawrence Rail-road Company, on Monday, the 17th day of July, 1843 :—

- 1st. No steam-vessel shall be permitted to make fast to any of the Company's wharves, which, from the construction of her furnaces or flues, may endanger the safety of the Company's property by fire, and all vessels coming to at any of the said wharves for the purpose of landing or loading freight, shall moor at or remain to such part of the said wharf as the person in charge of the same shall direct, under a penalty of 50s. for every offence against this regulation, besides being liable for all damages which may arise in the premises.
- 2d. No hay, straw, burnt lime, or other combustible material, shall be landed on any of the Company's wharves, except by consent of the person in charge of said wharves, under a penalty of 50s. for every such offence.
- 3d. Any vessel or vessels making fast to any of the Company's wharves, (unless for the *purpose* of landing or loading freight thereon or therefrom,) or in any other way obstructing the free use thereof, will be subjected to the penalty of £10 imposed by the 18th Section of the Act by which the Company is incorporated.
- 4th. Any person or persons behaving in a riotous or disorderly manner in any of the Company's cars, or conveyances, or store houses, or upon any of the Company's wharves, or who shall in any way molest, prevent, or interfere with the servants of the Company in the due discharge of their respective duties, shall be subject to a penalty of 50s. for every such offence.
