

Ideal Site for Your New Home

The tremendous influx of population into Toronto has pushed rents so high that the only salvation for the wage-earner is to quit paying rent and buy.

Why continue paying out hard-earned money to a landlord whose only thought is to get as much rent as his house will bring, so that he can sell it at a big turnover. Can't you see where this will end for the tenant?

Get a lot for your homesite now, and you can have a nice, comfortable home built on it. The same money you formerly paid as rent will pay for a home of your own in a short time.

Start now buying that home. You will have a new interest in life, be settled, and worth more to your employers. You will have a better standing in the community and your credit will always be good.

Silverthorn Heights

Is the ideal site for your home. The lots are high and level, and within twelve minutes' walk of twenty-five of the largest factories in the city. The lots are 25 feet wide—ample room for a fine little home, lawn and garden.

The end we had in view in choosing this property was to give the employees in the factories of West Toronto a splendid, healthful homesite at a low price, and yet within walking distance of their work.

A ten-dollar bill secures your lot. This is the quickest-selling homesite property in Toronto.

Come out and examine it now. We will have representatives on the ground all day Good Friday and Saturday afternoon, who will show you over the property, explain to you the advantages of the location and the easy terms of payment.

To reach Silverthorn Heights walk up Silverthorn Avenue from St. Clair to Hilliary. Silverthorn Avenue is the second street east of Weston Road running north from St. Clair Avenue.

If you cannot come, cut off the attached coupon and mail it to us for full particulars.
