JOHN LIND'S MISSION TO MEXICO COMPLETE FAILURE HUERTA REJECTS PROPOSALS

President Wilson Takes the Night to Sleep Over New Phase in Situation—Refuses to Recognize Huerta at Any Cost.

MEXICO CITY, Aug. 18.—The United States government has been given until midnight tonight by President Huerta to recognize Mexico, it is officially stated.

The government is not specific in the public announcement as to what course will then be pursued, but it is understood that it means the severing of all relations between the two countries.

Repeating today to President Wilson's note, which was recently delivered to the Mexican government thru ex-Gov. John Lind, Huerta refuses mediation in the Mexican situation or any similar suggestion made by a foreign government. Mr. Lind has forwarded Gen. Huerta's answer to Washington and is awaiting a reply.

Won't Tolerate Interference.

President Huerta, in his reply told the United States that he would tolerate no interference, even tho' that interference might be characterized as friendly mediation. The character of the reply of Washington to President Huerta's note will determine the next action in the international drama.

All those connected with the American embassy refused to admit the receipt of the note, and that it had been sent was not admitted officially by the Mexican Government. At the embassy there was an evident desire to appear optimistic, and one was led to believe that Mr. Lind still hoped for a continuation of the negotiations.

Those familiar with the workings of the Mexican administration expressed doubt as to the government again opening the subject for discussion.

(Special to The Toronto World.)
 WASHINGTON, Aug. 18.—President Wilson and Secretary Bryan received unofficial reports from Mexico City tonight that President Huerta, after reflecting the proposals by Mr. Lind, issued an official statement, in which he gave the United States until midnight tonight (Mexican or Central time), to recognize him (Huerta).

The despatches did not indicate what steps Huerta would take if the American Government failed to extend the recognition. He would accept them, would not accept them as authentic. Both will await official despatches before deciding on any action. The president will not recognize Huerta.

After receiving the despatches, the president and secretary of state on retiring for the night, indicated that nothing would be done by them until tomorrow at the earliest.

LOCAL REGIMENT TO JOIN "RED" ARMY

GALT, Aug. 18.—(Special.)—Orders were received today by the officers of the 28th Regiment regarding the western Ontario military manoeuvres, to be conducted from the 25th to the 29th. The local regiment will leave the C. P. R. station at Galt on Monday afternoon, and proceed by special train to Leitha. On Monday night they will camp at "The Cove," and on the following day will join the forces of the "Red" army, of which the 28th is to form part.

The population of Athens gave King Constantine a tremendous ovation on his return to the capital today.

TAXPAYERS WILL REFUSE TO PAY

BRANTFORD, Aug. 18.—(Special.)—Ratepayers of Brant avenue have formed a taxpayers' strike project. Owing to the deplorable condition of the pavement (Westminster E), they will refuse to pay charges on same when tax bills are due in October. They defy the city to distraint for taxes on each property holder, and propose to fight the matter out in the courts. The paving company has received several ultimatums to repair the street nothing has been done, while the nuisance has prevailed for several months.

Further, it is understood that the commission has not decided upon the wisdom of establishing a uniform system. Roads between larger cities, such as Hamilton and Toronto, demand a very durable fibre, whereas those used only by farm traffic would be served as well by the cheaper macadam.

In the meantime, the commission will meet periodically. Chairman McGrath will call the next meeting on Tuesday or Wednesday. Following this it is not improbable that any outstanding ventures under the present roads system will stand over until after the report is laid before the legislature.

Laws and regulations, economic features, finance, construction and maintenance, and educational facilities, summarize the work of the ensuing few months.

NEWSPAPERS OF FUTURE TO BE DISTRIBUTED BY AEROPLANE

Motorplanes Will Also Be Utilized, and Editions Will Be Printed Every Hour of Day and Night, Says Eminent British Journalist—Portable Phones for Reporters.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World.

LONDON, Aug. 18.—In his annual address today as president of the British Institute of Journalists, Robert Donald, the managing editor of The Daily Chronicle, said:

"The halfpenny newspaper, with its new method of catering to readers, is responsible to a large degree for the vast change which has taken place in the morning journals. The rivalry between the halfpenny newspapers for circulation is fierce and is likely to grow in intensity, but from the point of view of the reading public the newer journalism is preferable to the old."

"The newspaper of the future will not contain less reading matter, but the pages will be smaller, the methods of distribution will be quicker and the circulation will cover greater areas."

JUNEAU, Alaska, Aug. 18.—(Can. Press.)—Twenty-five or more passengers and seven members of the crew of the Pacific Coast Steamship Company's steamer, State of California, perished Sunday morning in Gambier Bay, 90 miles south of Juneau, when the vessel struck an uncharted rock and sank in three minutes with many passengers imprisoned in their state-rooms.

NO TRACE YET OF HARRY THAW

State of California Strikes Rock off Alaskan Coast, and Founders in Few Minutes With Passengers Imprisoned in State Rooms—Survivors Taken From Boats and Rafts.

Authorities, When They Locate Him, Hope to Be Able to Extradite Him on a Charge of Conspiracy With Associates Who Assisted Him in His Escape.

NEW YORK, Aug. 18.—(Can. Press.)—Sundown tonight marked the 26th hour of Harry K. Thaw's freedom and the police of the United States and Canada had not picked up his trail. They seek him not as the slayer of Stanford White or as an escaped fanatic, but on a warrant issued at Poughkeepsie today, charging him with conspiracy with the aged keeper, Howard Bernum, and the five men who managed the asylum delivery. On such a technicality does New York State base its hope of bringing about the fugitive's return.

Both factions of the double-barrelled government in Albany have promised rigid investigations and the exertion of every effort to bring about his capture.

Thaw's seclusion today and tonight was absolute. Out of the cloud of rust which swirled in the wake of the black automobile bearing him and his liberators from Matteawan Sunday morning, nothing tangible had come except a jaunting letter from Thaw himself, assuring his aged mother in New York that he desired rest, and would, in due time, join her at the Thaw country place, Elmhurst, at Cresson, Penn. In obedience to this plan, Mrs. Thaw purposes to start for Cresson tomorrow morning. Happy, girlish almost in her joy, Mrs. Thaw exhibited the hastily scrawled note from the son whose escapades have cost the family

Following is a partial list of the missing, who are believed to have perished:
 Miss Anne L. Cassidy, Miss May Dixon, W. A. Dyer, Blanche Erick, Minette Harlan, Leslie Isorua, manager of the Pacific Coast Steamship Co.'s office in San Francisco, J. Holman, Miss Alice Johnson, Lillian B. Norman, Nick Pittulas, Miss Reardon, Mrs. C. E. Spithill and child, Ben A. Wade, Miss Wilson.

The survivors, crew and passengers, are being taken to Seattle on

A Coming Marksman

Mrs. Daisy Caldwell Trod on a Rusty Nail and Her Life is Despaired of.

Stricken with lockjaw at her home in Meadowville, Mrs. Daisy Caldwell, aged 29 years, was brought to the Western Hospital last night, and it is not likely that she will live. The woman has had nothing to eat for three days, and unless the hospital surgeons can discover some immediate treatment death will result.

About ten days ago Mrs. Caldwell was walking in the yard, when in some manner she stepped on a rusty nail. She did not attend to the injury at once, but a short time later applied some home remedy.

It was not until Saturday morning that symptoms of lockjaw were noticed. Dr. Moore of Meadowville was summoned, and at once diagnosed the case. Altho Mrs. Caldwell could not eat, her case was at first regarded as a very serious one. But early Monday the doctor decided to send her to the Western Hospital at Toronto.

Dr. Carveth is attending the young woman, but owing to the advanced stage of the case and other peculiar features surrounding it, there is little hope entertained for her recovery.

This is the second case of lockjaw to come to the Western Hospital within the past three weeks, a little boy dying from the disease.

GOOD SHOOTING ON OPENING DAY OF O. R. A. MEET AT LONG BRANCH NEW AMMUNITION SATISFACTORY

Sergeant W. A. Smith and Capt. H. Smith Divide Prize Money in the Osler Match, Both Making Possibles—King's Prizemen Hawkins and Clifford Had Bad Day.

LONG BRANCH, Aug. 17.—(Special.)—With a heavy mist overhanging the targets, the 1913 matches of the Ontario Rifle Association were opened here this morning under weather conditions anything but favorable to accurate marksmanship. In spite of the handicap, however, the shooting at the morning session was fairly good, while in the afternoon session, when the haze had cleared somewhat, the marksmanship was decidedly of the high-class order.

Considerable comment was indulged in on the new ammunition being tried out for the first time at the match. At first the change in the trajectory had the marksmen all at sea, especially on the shorter ranges, but after the men had got used to it, the general opinion was that it was superior to the old kind.

Whether or not the new ammunition was deceptive, Pte. Wm. A. Hawkins the King's prize winner at Bielew, had a poor day, being eliminated from the City of Toronto match in the first stage, in which he finished 102nd, with a score of 63 out of a possible 70, and 14th in the Osler match, scoring 45 out of 50.

Pte. Clifford, who also bears the distinction of having won the King's prize, was well up in the Osler match with 48 out of a possible 50, but fell to the 100th mark in the City of Toronto event, with 64 out of a possible 70.

Sergeant W. A. Smith and Capt. H. Smith divide first and second prize money in the Osler match, both scoring a possible 50, firing ten rounds at 600 yards.

The best day's score in the first stage of the City of Toronto match was made by Sergt.-Major H. W. Patterson and A. H. Ferguson, both scoring 69 out of a possible 70. The second stage of this event will be shot off today at 800 yards.

In the extra series event, Hawkins shot two possible cards, but on scoring an inner ring.

Cadets Did Well.

The surprise of the day was the splendid shooting of the cadets. The Ottawa C. I. Cadet Corps carried off first prize in the militia team prize in the City of Hamilton contest, winning the Hamilton Centennial Challenge Trophy and \$30 with a score of 164. The 81st Highlanders' first team won

PROTEST MADE TO HON. MR. FOY AGAINST DR. PICKERING'S "ADVICE"

Vigilance Association's Resolution Says That "Anarchical Policy of Non-Enforcement of Law" Was Advised by Coroner in Remarks on Vice Segregation—Judge Morrison's Views in Disfavor.

At a meeting of Toronto Vigilance Association, held in Frances Willard Hall last night, a resolution was passed censuring Coroner Pickering for his recent remarks on vice segregation, and asking Attorney-General Foy to take cognizance of them. The ashes of the famous "Deborah" controversy are also raked over in the resolution for which J. W. Johnston and J.L.C. Wilson are sponsors.

The memorial reads as follows:
 Adopted at a public meeting of the Toronto Vigilance Association, held in Frances Willard Hall, Toronto Monday evening Aug. 18, 1913.

Whereas the City of Toronto is a municipality in which generally speaking, the majesty of British law and the sacredness of the oath are held in the highest degree of admiration and respect, and

Whereas the sentiments of the citizens of Toronto are in variance with recent utterances from their respective benches of two representatives of the department of justice, to wit (1) by the intimation from Count Judge Morrison to Police Magistrate Denison that he should have disregarded his oath of office and his own opinion based upon the evidence in the "Deborah" case, and should have given effect, instead, solely to the testimony of the so-called canon; of plays; and (2) by the address to the jury delivered by Coroner Latimer Pickering, sitting in a magisterial capacity, at the Toronto Morgue, August 14, 1913, in which he intimates to the department of justice, that they should violate their oath of office by neglecting to arrest such men and women who were, in defiance of the criminal code of Canada, engaging in the business of prostitution, provided their resorts were not characterized by drunkenness or rowdiness, or as one eminent authority once phrased it, "were not unduly obnoxious;" therefore be it

Resolved, that the Toronto Vigilance Association emphatically condemns these utterances, particularly the more recent one of Coroner Pickering, which has attained continent-wide publicity, and the association desires to intimate that the coroner's inferences that a policy of segregation of vice is preferable to a policy of repression are not borne out by the facts in the case: (1) European cities where regulation of vice obtained are adopting suppression; (2) the same, save in a few instances, is true of United States cities, Des Moines, Iowa, possibly the "widest open" of them all, adopted suppression, and even so pronounced a segregationist as Mayor Mathis, was converted, and testifies: "Des Moines is now immeasurably cleaner than it has ever been before." Testimonials by the score can be obtained from this and other cities, showing that criminal assaults are less frequent than when segregation obtained. (3) Many vice

Canada and elsewhere have condemned segregation or toleration. The Chicago commission (containing several segregationists when constituted) unanimously adopted, after investigation of 42 American cities, a resolution in favor of "constant and persistent repression of prostitution as the immediate method, absolute prohibition the ultimate ideal." (4) The assistant chief constable, Toronto, (Aug. 14), testifies: "I can prove by statistics that there were more assaults on women and more child desertions in Toronto when it had 50 houses of ill-fame tolerated and only 60,000 population, than there are to-day." Our own association records show the coroner to be in error. We do not desire to go back at any price, to the days of wide open houses opposite the City Hall with their attendant train of terrible disease and death.

Appeal to Hon. Mr. Foy.

Therefore be it further resolved, that we call attention of the provincial attorney-general, the ministerial head of Cor. Pickering to the coroner's utterances from the bench, and request him to take such action as will reassure the public that his department will not tolerate advice being given by its representatives, urging, as in this instance, an anarchical policy of non-enforcement of law by the constituted authorities; a policy invariably resulting in the demoralization of good citizenship, and in the inauguration of an era of police corruption and graft.

Ordered that a copy of these resolutions, along with the reports and interviews re Coroner Pickering's address to the jury, be forwarded by the association secretary to the Honorable the Attorney-General of the Province of Ontario.

Moved by J. W. Johnston; seconded by J. I. C. Wilcox.

Oldest Inmate of Kingston Penitentiary Given Freedom After Lifetime Service.

KINGSTON, Aug. 18.—(Special.)—John Desrochers, the oldest inmate of the penitentiary, having been sent here from a western town 27 years ago on a charge of murder, is to be pardoned. He is to be handed over into the care of the Salvation Army.

Major Fraser of the social and prison branch of army work in the city is to take charge of him. Desrochers is over 80 years of age.

Major Fraser had an interview with him this morning, and the man was delighted with the news that he was about to get his freedom. He has been in prison so long that all his relations have been lost track of. He says he expects to see a wonderful change in the world after his long stay of over a quarter of a century behind the big walls.
