MEXICAN FACTIONS GETTING U. S. RIFLES

Villa Draws Ten Thousand and Carranza's Men Are Also Busy.

Canadian Press Despatch. EL PASO, Oct. 6.—Gen. Villa's agents in the United States today entered their first 10,000 American-made rifles, thus taking advantage of the recently raised embargo along the border on munitions of war.

The Carranza faction also has taken advantage of the unheeded entry of arms from the American side. Constitutional agents here have been purchasing all available supplies, which are being rushed to the assistance of Gen. Hill, who is defending Naco, Sonora, against the attack of Mysterian insurgent forces, supposedly partisans of Villa.

No reports of fighting between Carranza and Villa troops, however, came from other parts of the republic. The forces of Gen. Maclovia Herrera, one of Villa's brigade commanders, who has revolted in favor of Carranza, remained in the Parral district without hindrance from the Villa leaders.

Four other ships sailed today for Europe, carrying with the Noordam, nearly 2700 passengers—the Santa Anna, the Napoli and the Thomas II. Savoia, for Naples, and the Kristianstad, for Bergen.

ADVERTISEMENT. Youthful, Beautiful Skin Easy to Have

You may be as healthy as a bird in the air and still have a poor complexion. Changing seasons, colds, impurities, winds, dust and dirt, are apt to injure your skin, even though the general health is good. When these external influences spoil the complexion, the natural thing to do is to remove the spoil by external means. Ordinary mercurial wax will do this. It will actually absorb the weathered film-skin, a little each day. In a week or two you'll have a brand new complexion, a new skin. The externally applied, youthful complexion, is not a simple treatment. Get an ounce of this, and you'll have a new skin. Apply nightly like cold cream, washing it off morning. This will not fail in any case. To quickly remove wrinkles, signs of age, and to bathe the face occasionally in a solution of powdered salicylic acid, one ounce dissolved in 1/2 pint of witch hazel. The results will surprise you.

Canadian Press Despatch. WASHINGTON, Oct. 6.—Sixty foreign built vessels with an aggregate of 233, 781 gross tons have been removed from danger of capture by the European powers involved in the present war by admission to the American registry, according to an official announcement tonight by the department of commerce. Great Britain has suffered most, an fifty-four of the vessels previously sailed under the British flag. Four German vessels and two Belgian complete the list.

An analysis of the list shows 57 of the vessels operating in Atlantic waters, the remaining three being Pacific liners. Nineteen are passenger steamers. The steamship Oceana, with a displacement of 7796 gross tons, is the largest of the vessels transferred to American registry, while the schooner Roseway, of 291 tons displacement, is the smallest. Both were formerly under British registry.

NO CONSTITUTION, ONLY AIMS WORK

Weston Hospital Sewing Club Resumes Meetings—Women's Press Club Meets.

ACTIVITIES OF WOMEN

Samaritan Club Will Attempt to Add Five Thousand New Members.

About thirty members were present at the opening meeting of the Weston Hospital Sewing Club, which took place in one of the rooms of the High Park Presbyterian Church yesterday. Mrs. Galbraith, the president, was in the chair, and in a short address reviewed the objects of the association. The club has no particular constitution. All its objects are concentrated into the one activity of "work." The members work for the patients in the Weston Sanitarium by making garments for their use and comfort. Nightgowns for the free patients, and particularly for the children, is the task which these ladies set themselves to perform. At Christmas, too, they see that a substantial and appetizing repast is provided for all those for whom they apply themselves. The means for these good works are provided by the monthly collections taken up at the meetings. Two weeks of material were cut out a few days previous to the opening meeting, and this was distributed yesterday. After the business had been attended to, Miss Gordon of the Nursing-at-Home Mission gave an address, which was followed by a short musical program.

At the meeting of the Trafalgar Daughters, held yesterday afternoon, it was decided to hold a social, to make nice and to buy materials and make clothes for those in need. Also to establish a contribution box for collections towards the fund for mothers' pensions.

At the Women's Press Club yesterday afternoon a number of etchings by Miss Dorothy Stevens were on exhibition, and the members were entertained by a travel-talk, charmingly given by Miss Estelle Kerr. The etchings have been made during a tour which embraced a good deal of the present war zone, Miss Kerr had also traveled over the territory "treated" and, as a result, she has had hand experience added to the value of the address.

The first sewing meeting of the Westminster Chapter, I.O.G.E. sewing circle will be held at the home of Mrs. J. M. Hamilton, 188 Grenadier road, on Thursday, Oct. 8, at 2.30 p.m. A full attendance is requested.

Want New Uniform. The opening meeting for the season of 1914-15 of the Toronto General Hospital Nurses' Association will be held at the hospital today in the sitting room of the nurses' residence, at 2.30 p.m. The advisability of adopting a new uniform for the graduates of the school will be discussed at this meeting.

A general meeting of the Q.O.R. Chapter of the Daughters of the Empire, will be held at 559 Sherbourne street, at 3 p.m. today.

The monthly meeting of the Dreadnought Chapter, I.O.G.E. sewing circle will be held at 7 o'clock in the Margaret Eaton studio, followed by a lantern lecture at four by Miss Turner of the Zenos club.

The monthly meeting of the Nursing-at-Home Mission will take place this morning at eleven o'clock at 55 Beverley street.

Membership Campaign. A whirlwind campaign to enlist 5000 new members, each paying a fee of \$1, was decided on by the Samaritan Club at their meeting held in the Bible Society Hall yesterday morning. This club is formed with the object of supplementing as far as possible the work of the visiting nurses among the tubercular poor of the city, and this winter the need for funds is becoming pressing. Reports were given by nurses, including a graphic picture of the work by Miss Stewart, who afterwards distributed views of the homes visited. These showed a plague spot at the heart of Toronto little suspected by the uninterested. Sewing for the families in which the nurses are interested is being undertaken by a sorority branch of the Samaritan Club at Haverhill College. Another of these is being formed among the students of St. Margaret's, and the girls of University College have expressed their intention of taking up the work.

Letters From Paris. Parkdale Auxiliary of the McCall Mission last night held their opening meeting of the season at the home of Mrs. McDonald, 1288 West King street. Interesting letters were read, which had been received from headquarters in Paris, France, since the opening of the war.

The regular meeting of the ladies' board of the Western Hospital will be held this afternoon at half-past two at the Nurses' Home, 55 Riverside avenue. The annual meeting of the local committee of the Baden Powell Girl Guides will be held at 559 Sherbourne street, at 3 p.m. today.

will be held on Thursday morning at half-past ten at 559 Sherbourne street.

HEATHER CLUB MET

The Heather Club met yesterday afternoon at the residence of the Sick Children's Hospital, to complete plans for the sale of work, to be held by the chapter in Columbus Hall, on Oct. 22. The reports for the summer showed that 84 tubercular children had been cared for at the Lakeside Hospital. It was reported that 27 mothers in Toronto, whose husbands had died from tuberculosis, were supporting their families, and three husbands of tubercular mothers are at the front. The members of the chapter are especially anxious that their bazaar will net big proceeds, as the money is urgently needed to carry on their relief work in the affected homes of the city.

NONE BUT UNEMPLOYED FOR NEW G.G.B.G. CAMP

Food and Tobacco Will Be Free to Recruits—Home Guards Organize Signal Corps.

That another camp at Aurora for the Governor-General's Body Guard will be formed next week, seems probable, according to a rumor at the armories last night. A striking feature of this camp will be the order that only unemployed men will be taken to it. They will receive their food and tobacco free. The camp will be for one squadron only. The Cookhouse of the camp of the Guards will be inspected today. The regiment has stopped recruiting, as it is practically up to strength.

Besides two companies of the Grenadiers and two companies of Q. O. R. cadets, there were the Irish Rifle Club, the St. Andrew's Rifle Club and the Osgoode Hall Rifle Club, drilling at the armories last night. The Engineers had a series of lantern slides, illustrating the construction of bridges and rafts.

In connection with the Toronto Home Guards' Association, a signal corps was organized at their parade at the armories last night. There were well over 1200 on parade, and a large number of recruits were enlisted. It was announced that the members of the association will receive the regulation military uniforms, minus the brass buttons.

GERMANS "BOTHERED" GOD.

CHATHAM, Ont., Oct. 6.—Rev. Dr. John McNeill of Toronto, addressing the Canadian Club tonight on the war, pointed out that there is a great moral principle at stake. The civilization of the world is in the balance. The German empire had been "bothering God" and needed to be suppressed, and it is the duty of Canadians to see that the work be done effectively.

THEATRES

The violin recital to be given in the music hall of the Toronto Conservatory of Music, on Wednesday evening, Oct. 14, by Mr. Rudolf Larsen, the brilliant Scandinavian violin virtuoso, is of special interest, since it brings to a second hearing in Toronto a soloist who represents the school of the eminent maestro, Prof. Leopold Auer of St. Petersburg, the teacher of such famous players as Elman, Parlow and others. Prior to his departure from Russia, Mr. Larsen was offered a position as assistant teacher to Prof. Auer. The outbreak of the present war, however, prevented Mr. Larsen's acceptance of this great honor. Mr. Larsen is a member of the Toronto Conservatory of Music, where he will demonstrate the principles in violin playing which have, in recent years, made St. Petersburg the Mecca of the most gifted violin students from all parts of the world. Tickets for the recital may be purchased at the office of the Conservatory of Music.

WALTER KNOX LOSES JOB ON ACCOUNT OF THE WAR

LONDON, Eng., Oct. 6.—Walter Knox of Orillia, Ont., who was engaged as trainer for the English Olympic team in all branches of athletics, is being temporarily released from his engagement, and will return to Canada by the Athenia, which sails tomorrow. Practically all the men under his training for the great event, which was scheduled for Berlin in 1916, have now gone in for a more serious contest with the Germans, and they may pay a visit to the German capital at an even earlier date than they had anticipated and under more exciting circumstances. It is regarded in England as certain that the Berlin fixture is off, and even if another center is chosen for the Olympics, their celebration will probably be delayed at least one or two years.
