

without a license in that behalf, he may grant a search warrant to any police officer or any officer appointed in that behalf by the Minister and named in the warrant.

2. A warrant so granted shall authorize the officer named therein to enter and inspect the station, place or ship and to seize any radiotelegraph apparatus which appears to him to be there used or intended to be there used for radiotelegraphy.

Warrant to enter and seize.

9. Every one who establishes a radiotelegraph station or installs or works any radiotelegraph apparatus in violation of the provisions of this Act, or of any regulation made hereunder, shall be liable on summary conviction to a penalty not exceeding fifty dollars, and on conviction on indictment to a fine not exceeding five hundred dollars and to imprisonment for a term not exceeding twelve months, and in either case shall be liable to forfeit any radiotelegraph apparatus installed or worked without a license.

Penalty for establishing stations and apparatus illegally.

Proceedings

2. No proceedings shall be taken against any person under this section, except by order of the Minister.

10. The Governor in Council may—

Powers of Governor in Council.

(a) prescribe the tariff of fees to be paid for licenses and for examination for certificates of proficiency held and issued under the provisions of this Act.

(b) accede to any international convention in connection with radiotelegraphy, and make such regulations as may be necessary to carry out and make effective the terms of such convention and prescribe penalties recoverable on summary conviction for the violation of such regulations; provided that such penalties shall not exceed five hundred dollars and costs.

11. The Minister may make regulations—

Regulations made by Minister.

(a) prescribing the form and manner in which applications for licenses under this Act are to be made;

(b) classifying ship, coast and land stations and prescribing the type and range of the regular equipment and the emergency equipment to be installed in the several classes of stations;

(c) defining the different kinds of licenses that may be issued, their respective forms and the several periods for which they shall continue in force;

(d) prescribing the conditions and restrictions to which the several licenses shall respectively be subject;

(e) prescribing the different classes of certificate of proficiency and the class of certificate necessary to qualify persons as operators for the several classes of ship, coast and land stations;
