F. C. JONES,

PRACTICAL STEEL STAMP & STENCIL

LETTER CUTTER,

74 MCGILL STREET, MONTREAL.

Orders by Mail promptly attended to.

Grenville Canal, Ottawa River.

Notice to Contractors.

SEALED TENDERS, addressed to the undersigned (Secretary of Railways and Canals), and endorsed "Tender for Works, Grenville Canal," will be received at this Office until the arrival of the Eastern and Western mails on THURSDAY, THE 3RD DAY OF JUNE next, for the construction of two Lift Locks and other works at Greece's Point, or lower entrance of the Grenville Canal.

A map of the locality, together with plans and specification of the works to be done, can be seen at this Office and at the resident Engineer's Office, Grenville, on and after THURSDAY, THE 20TH MAY, instant, at either of which places printed forms of Tender can be obtained.

Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and—in the case of firms—except there are attached the actual signatures, the nature of the occupation and residence of each member of the same; and, further, an accepted bank cheque for the sum of \$2,000 must accompany the tender, which sum shall be forfeited if the party tendering declines entering into contract for the works at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfillment of the contract the party or parties whose tender may be accepted will require to make a deposit equal to five per cent. of the bulk sum of the contract within eight days after the date of the notification. The sum sent in with the Tender will be considered a part of the deposit.

Ninety per cent. only of the progress estimates will be paid until the completion of the work.

This Department does not, however, bind itself to accept the lowest or any tender.

By Order,

F. BRAUN,
Secretary.Dept. of Railways and Canals,
Ottawa, 13th May, 1880.
