### **HAMILTON CITIZENS** HAVE REACHED GOAL

Raised Sufficient Money Purchase Two Hundred Machine Guns.

### **CELEBRATED VICTORY**

Many Men Enlisted at Gore Park-Colts Lost First Game to Brantford.

By a Staff: Reporter. HAMILTON, Ont., Aug. 24.—Hamilton's machine gun campaign was brought to a close yesterday afternoon at a meeting of the executive committee of the Hamilton Machine Gun Association, when it was announced that the association had been successful in fulfilling anticipations. Sufficient momey has been subscribed by the citizens and firms of Hamilton to purchase the two hundred guns promised the government less than a month ago.

The report of the captains of the teams in charge of the canvass work showed that Hamilton has not only raised the \$200,000 it set out to get, but exceeded that amount. Thrucut the campaign a splendid spirit was displayed, and this city has reason to feel more than proud of the splendid showing it has made. Not another city in the Dominion compares in its generosity towards the machine gun movement with Hamilton.

Two Million Dollars for Guns.

It is interesting to note that the acting minister of militia has announced that the appeal for guns brought in offers aggregating \$2,000,000, and the government now has money for all the guns that can the appeal for guns are included in the offer the government has placed.

In making its announcement, the government emphasises that there is now an opportunity to help out in the pension scheme. The government hopes that several million dollars will be raised for this purpose by popular subscription.

Celebrate Allies' Victory.

Hamilton last night celebrated the Russian and British naval victory over the German fleet in the recent engagement in the Baltic Sea, and Sea of Marmora, by holding a huge demonstrated for the Hamilton depot battalion paraded at the armorles at 1.30 and marched thrush the principal streets headed by the Royal Thirteenth Regimental Band to Gore Park. The affair was held under the auspices of the Hamilton Recruiting League, which took this opportunity of stimulating recruiting, and as a result the record of the least uninterrupted progress and prosperity.

Errors in the eighth and eleventh ses-ions resulted in Hamilton losing the irst game of the series to Brantford ere yesterday by a score of 4 to 5. With the score 4 to 2 in Hamilton's favor in the eighth Fox made a miserable attempt to catch a fly ball and allowed two Brantford men to cross the plate and even up the score. Brantford secured one in the eleventh on hits and errors and Hamilton was unable to hit safely. Walker and Dougherty pitched nice ball thruout, but the support afforded Dougherty at times was anything but good. The score:

Charge Against E. Ruse.

Yesterday Ernest Ruse, driver of the jitney which was struck by the Grand Trunk engine on Saturday, Aug. 14, when Thomas A. Ivey was killed, was given a predminary hearing before Magistrate Jeffs. Thru his counsel he pleaded not rullity to the charge of criminal negligence. He was sent up for trial and was allowed out on \$500 bail.

Behind Closed Doors.

A lengthy discussion was held behind closed doors at a meeting of the board of control yesterday, when the matter of the Bell Telephone Company removing its overhead wires and poles from the city streets was taken up. Engineer Sifton and City Solicitor Waddell were present and the question of securing easements for the site of the transformers for the hydro-electric underground system was also gone into. It is truly an exhibition to the people, by the people and for the people.

But while father time has dealt this benevolent fashion with the fair itself he has cut down in his ruthless way the devote1 band of men who promoted and established the Exhibition. Of the original directors, only one remains. George Booth of Toronto, who, after 37 years of service, is still as vigorously promoting Ex-hibition affairs as ever. He is the second vice-president, a member of the executive board, chairman of the manufacturers and liberal arts, and a member of varous committees, bring-ing into all his work a ripe experience and breadth of vision that makes him an invaluable aid in all departments. While the fair right from its in-ception was a husky youngster, it did not attain its real growth until after Dr. J. O. Orr assumed the management, back in 1904. Previous to that he had served 12 years on the board. Since that time it has progressed amazingly, until today it has buildings and grounds worth \$3,000,000. In all some \$1,500,000 has been distributed in prizes, largely to the agricultural community. Submarines' Haven.

From well informed sources I learn that the reason for this dropping of bombs inland is that on the Bruges-Zeebrugge Canal the Germans having learned a lesson from frequent aerial visits to Zeebrugge have recently constructed an underground submarine haven. They have excavated under the high bank that runs alongside the canal, a perfect base, leaving the tor of the dyke as a roof for the submarine white letreat; but nothing of this is observ streak that commenced with air bub- able from the air, and however frequently aviators visit the neighbo hood they would scarcely think of dropping bombs upon an apparently unocent dyke.
