

NEW TIMBER REGULATIONS.

New regulations have been adopted by the Dominion Government for cutting timber on Indian lands in Ontario. They provide that all licenses issued or renewed after April 30, 1901, shall contain the "manu-

facturing clause," stipulating that all pine timber shall be manufactured into lumber and all pulpwood into pulp or paper in Canada. The penalty for infraction of the regulations is suspension of the license. To prevent a breach of the regulations any logs or pulp-

wood suspected of being intended for export may be seized by the government officials, and if shown to be home manufacture is not given away by the government.
