

Coal was selling at \$11 a ton in London, Eng., last week, and it was expected to reach \$12 in the course of a few days.

The announcement was made on October 13th that the Duluth and Manitoba Railway had gone into the hands of receivers.

173,700 barrels of flour were turned out by the mills of Minneapolis during September this year against 232,275 barrels during September 1892.

Advices from London, Eng., state that the New South Wales Loan of £2,500,000 has been successfully issued. The subscriptions amounted to £6,500,000.

The establishment of Messrs. Brosseau & Co., vintage manufacturers, Montreal, was recently taken possession of by Inland Revenue officers on an accusation of defrauding the Government.

With three or four large furnaces in operation the district of Sudbury, Ont., is now able to produce a daily output of 12 or 15 tons of nickel a day, or about 4,500 to 5,000 tons per year.

During the week before last 18 schooners cargoes were cleared from St. John's, N. B., for American ports. They carried 2,000,000 feet of long lumber, 4,000,000 lath, and 1,400,000 shingles.

The Dominion live stock inspector at Montreal decided recently that until the end of the season no certificates would be granted to vessels to carry cattle which were under 1,500 tons burden and not registered, unless they had permanent fittings and decks securely covered over. This action has been thought necessary to lessen the danger of the heavy losses which usually occur at this season of the year.

The net earnings of the Molson's Bank as shown at the recent annual general meeting held in Montreal, for the year ending 30th September, after making full provision for bad and doubtful debts was 221,694.73. This has been distributed by two semi-annual dividends at 4 per cent., together \$160,000, leaving \$61,694.73 to be disposed of, \$59,000 of which has been transferred to rest account, increasing it to \$1,200,000; \$10,000 to rebate on current notes discounted, bringing that account up to \$60,000; the balance, \$1,694.73, added to \$89,223.53, the amount carried over from last year, leaves \$90,923.26 remaining at credit of the banks' profit and loss account.
