

APPENDIX.

LETTERS, &c.

DUBLIN, December 23, 1735.

S I R,

Hope this will meet you in *London* safe after your Return from *Churchill River*, in *Hudson's Bay*. I was in hopes to have met you at the *Union* Coffee-house the Day you left *London*, but was a Quarter of an Hour too late.

I would esteem it as a particular Favour if you would let me know whether any thing Remarkable happened whilst you were in *Hudson's Bay*, or whether you made any farther Enquiry, about the Probability of a Passage near *ne Ultra*. Sir *Bibye Lake* told me little or nothing could be done whilst a War was apprehended with *France*, because all their Thoughts were taken up in erecting a Stone Fort in *Churchill*
