HAMILTON HAPPENINGS

EVANGELISTS POUR HOT SHOT AT MAYOR-MCLAREN

HAMILTON Described as Reeling in Drunkenness—The Man Who Coughed in Church.

HAMILTON, Nov. 20.—(Special.)—McCombe Brothers, the Toronto evangelists, who have been in the limelight here all week on account of the controversy with Mayor McLaren and Ald. Fort, over the statements made by them, took another round out of the mayor to-day, in remarks made in Zion Tabernacle and Association Hall.

Rev. John McCombe preached in the church in the morning. He said that Hamilton was reeling in drunkenness last night, and among other things, he said that most ministers liked to go to heaven by way of Toronto. He went thru a take-off on Mayor McLaren, who, he intimated, thought he was "the whole business." Then he pictured the mayor as saying that he had not a dollar when he came to the city, but who now, pointing to this and that, indicated them as possessions of his.

Rev. Jefferson McCombe, in adding a few remarks, said that Zion Tabernacle was the only good thing in ward four. In his afternoon address he referred to Mayor McLaren's charge that he was an indiscriminate peddler of religion, and Ald. Fort's reference to him as a freak, and said that some men were so small in their visions that they could be put inside a grain of mustard seed.

Would Vote for Whiskey Men.
He said if he had to choose between a man who told him that he favored his principles, and then went and hopped with the liquor crowd, and a whiskey man, he would vote for the whiskey man, as he would not deceive him. He said there was one man in Hamilton who had his hand in the temperance people's pockets, and who, at the same time, worked with the whiskey gang's workers, but he did not think that that man would succeed in fooling the voters. The mayor had accused him of being a drunkard, but he said he could make much out of it, but he said the mayor knew, much easier than he, how to keep his head. He said he still stood by his former statement, that Hamilton was one of the most drunken cities between Halifax and Vancouver.

A burly police officer would move a man along who stopped to talk, while he would smile to a drunken man who touched against him. He said that way men were discharged from drinking, while the city officials were powerful when the money was in their hands, and sometimes money while on duty. He said that no "peanut politician or municipal slippery fish" could stop him.

He said the people here would have to travel some, and a mayor who would lower himself as Mayor McLaren had within the last few days.

Coughed at Wrong Time.
One of the most interesting incidents that he has ever had to deal with will come before the mayor tomorrow morning, George E. Dunn, 93 North Elm-street, will charge the mayor with a disturbance in Victoria-avenue Baptist Church. The alleged offence consists of coughing in church.

It is alleged that Dunn has done that for three years. The charge against him was laid by John Gillard, a member of the board of management.

The citizens' committee, at a meeting held last night, endorsed three candidates for the board of control, Controller Cooper and Messrs. McCombe and Milne. Ald. Anderson and Robson were endorsed as aldermanic candidates in the ward. The committee was appointed to arrange for a series of addresses during the coming campaign, and also to put posters throughout the city.

Jim Doolittle, the most seriously wounded of the men shot on Friday night, was reported to be in a critical condition. He was operated on yesterday, and some of the pellets were removed.

Mrs. Taylor, county road superintendent, died this evening at her home in Barton, aged 60 years.

Died Far From Home.
Nathan H. Ogden, a commercial traveller from Clarkson, Ont., died last night after a long illness, before any of his relatives could get here. He was 75 years of age, and his remains will be taken to Clarkson for interment.

James Barwell, 160 Markland-street, died to-day in his 80th year. James Barwell died yesterday afternoon at 1233 Bayview-avenue, aged 81 years. He lived in this city 50 years, and was for 30 years a member of Macdonald Presbyterian Church. He is survived by three sons and two daughters.

Harold Robson, a clerk employed by the Wood Milling Company, was in the cells to-night, charged with stealing \$500 from the company. The alleged thefts extended over a long period. Elizabeth Wright, Milton-avenue, was arrested yesterday on a charge of shoplifting in Stanley Mills & Co. store. Harry Moon was on a charge of stealing a number of knives and forks from J. Franklin.

COUNCIL MEETING TO-DAY

Several Items of General Interest to Be Debated.

The city council will meet this afternoon, when the submission of the viaduct bylaws, proposed purchase of horses for the street cleaning department, controllers' rejection of harbor and civil improvement commission's plans, and ratification of the Belmont-avenue fire station site will be discussed.

The inquiry into the civic works department will be resumed on Wednesday morning. Corporation Council Drayton says there is no fresh material in sight.

City Engineer Rust returned yesterday from a visit to Baltimore, Md., and Harrisburg, Pa., and Lockport, N.Y. The object was to gain information as to the operation of district steam heating systems there, in view of the application of a company for a franchise in Rosedale. Mr. Rust found the systems worked satisfactorily, and that he was impressed with the company's works at Lockport. He is not yet ready to place a value on the franchise.

City Treasurer Coady has issued a massive volume of many hundreds of pages, giving a statement in detail of the city's finances up to Dec. 31, 1909. It shows the city's net debt at that time to be \$26,648,397.69.

Jews Bound to Have THEIR OWN CANDIDATES

majority as one Jewish candidate got in Winnipeg," was an utterance much applauded.

Max Herzlich, the secretary, said the league was not limited to Hebrews, but any Conservative or Liberal who the members supported a Liberal or Conservative, they would help his election, but otherwise would put up a candidate of their own.

"Nobility has a right to call for you in a carriage on election day, put you on the back, and give you a cigar and a drink or a couple of dollars and tell you how to vote," he said.

The Way It's Done.
"If outside influences would leave the Jew alone, he would do the square thing on election day," declared A. P. Lewis. "Who is the most to be censured, the man who receives the bribe, and who may be starving, or the man who gives it? It has been told me that \$1000 would have put Robinson in that's the greatest slander I ever heard. I heard one man say 90 per cent. of the Jews were bought, and I tell you that is a lie. H. H. Dewar said he wasn't going to slobber over the Jews. Did Robinson do so? Yes, he did. The other men did, too, but they don't deny it. They went from show to show, from wedding to wedding, from club to club, danced with our mothers and wives and kissed our babies."

Louis Gurofsky wanted to know where Mr. Robinson had been for the past two years. Mr. Bristol had been around several times, but that was because he was a member. Three weeks ago Dr. John Shyne had gone over to the Conservatives, and the irony of it was that next night, at a Conservative meeting, Jews were treated even worse than by the Liberals.

Jew for Finance Minister.
The speaker had forcibly impressed upon the minister of justice and the minister of the interior his views on the unjust way Jewish immigrants were treated. Watch out for the Poles, Jews and Italians, was the government's watchword.

"I am as good as any Englishman living, and there are Jews in this country who would make better finance ministers than either Mr. Flinders or Mr. Foster," he announced. "If I couldn't beat Tom Whiteside in parliament I would quit business."

Ald. Maguire and Ald. Heyd also came in for flagellation. The aldermen, it seemed, "come around and give a little taffy." They say to you that you're a nice fellow, but they haven't got any love for you.

Mr. Gurofsky said he would vote for any Jew who was nominated, and his prophecy of a "Yiddish member in the next election" was enthusiastically greeted.

Somebody Spent Money.
C. S. Lewis stated that he had been an active Conservative worker. At the last parliamentary election the man with the silk hat whom he later referred to as Judge Cohen, had enlisted his services along with L. Shumer and others. The speaker had received only \$22 a week, and the trustee Judge Cohen said it had cost \$5000.

Mr. Shumer and others spoke.

STABBED BY HER HUSBAND

Italian Woman at the Soo Probably Fatally Wounded.

SAULT STE. MARIE, Nov. 20.—(Special.)—Mary Nipolotano, a married Italian woman, living in a married colony, is a patient at the general hospital, suffering from stab wounds, said to be fatal, inflicted by her husband, Peter Nipolotano, who in a fit of jealousy attempted to kill her.

The husband returned from a trip out of town, and, finding a number of men in the house, attacked the woman with a knife. She proceeded to the river front, and was in the act of throwing herself into the water, when frustrated by passers-by.

The husband took to the woods, and has not yet been apprehended.

Presentation to Miss Durand.

Seventy members of the Phares Circle Association waited upon Miss Laura B. Durand at her residence, 227 Huron-st., on Saturday afternoon and presented her with tokens of their gratitude and affection for her work in their behalf during the sixteen years' service on the Globe staff. Representatives were present from London, Chatham, Goderich, Berlin, Schomberg, Hamilton, Midland, Woodbridge, Barrie, Hanover, Stratford, Orillia, Brantford, Richmond Hill and many other outside places. The gifts were a very handsome brass tea and coffee service complete with tray, a brass candle-labrum and a cut glass rose jar filled with roses.

The presentation was made by Norman Robinson, who expressed the sentiments of hundreds of Miss Durand's correspondents in regretting her loss to the circle of young Canada. Miss Durand made a feeling reply, saying that she knew that they would never forget her and that she would never forget them. Refreshments were served early to permit of guests taking the train, and with the hearty singing of "Auld Lang Syne" the enthusiastic new association dispersed.

Alleged Shoplifter.

Archibald McNiven, 168 Markham-street, a bricklayer, was arrested by P. C. Bolton (23) Saturday night, charged with theft from the S. H. Knox store, corner of Queen and Yonge-streets. He had a large assortment of hammers, files, pinners, brushes and talcum powder in his pockets when he was pointed out by store officials to the policeman.

JOE CHAMBERLAIN SENDS GOOD WISHES TO BALFOUR

Longs to Stand on Platform With Him For Great National and Imperial Reforms.

(Canadian Associated Press Cable.)
LONDON, Nov. 20.—(Special.)—Joseph Chamberlain has written to Mr. Balfour, warmly approving the latter's Nottingham speech. "I wish my health permitted me to take my stand on the platform with you, to promote the great national and imperial reforms, which you described. That I cannot do, but my best wishes go with you in your fight for freedom, union and progress."

Lord Roberts has postponed his resolution on imperial defence in the house of lords, so Lord Crewe to-morrow moves the second reading of the parliament bill. It is expected that Lord Lansdowne will take the opportunity of meeting Asquith's challenge that the Unionist proposal for reform of the house of lords to more effectively amend the New York and four Williams College students, who ascended in the balloon Cleveland, from North Adams Saturday morning, landed 3 hours and 23 minutes later on the shore of a lake just outside this city.

All five men were thrown out when the final landing was made, and one, H. P. Schorman of London, England, was rendered unconscious. He suffered injuries from the fall, and was taken to the hospital. The other four were not injured, but they might prove of a serious nature, but his condition appeared to be improved later in the night.

PROVIDENCE, R.I., Nov. 20.—In a 65-mile gale, which buffeted their big ship about like a toy balloon, Pilot Leo Stange and four Williams College students, who ascended in the balloon Cleveland, from North Adams Saturday morning, landed 3 hours and 23 minutes later on the shore of a lake just outside this city.

Less Court Burned.
LONDON, Nov. 20.—Less Court, at Faversham, Kent, the ancestral home of the Earl of Sondes, with its priceless contents, was burned this morning. The damage is estimated at \$500,000, but no intrinsic value could be placed on treasures with which the house was filled.

Coroner Elliott will open an inquest to-night into the fatality at the Barber's Academy, when a young Macedonian was crushed in the machinery.

CATARH OF THE STOMACH

A Pleasant, Simple, But Safe and Effective Cure for It.

Catarh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general feeling of uneasiness.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily and thoroughly digested, thereby preventing fermentation and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston, the safest and best treatment is to use after each meal a tablet, composed of Distasae, Aseptic Pepsin, a little Nux, Goden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance.

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.
